"NOT GUILTY"—DALTON

TRIAL OF ACCUSED COUNTY ASSESSOR SET FOR JUNE 22

Demurrers to Bribery Indictments Are Overruled; District Attorney Denies Basis for Lawyers' Contentions

Judge Waste this morning in the Superior Court overruled the demurrer to the indictments against Henry P. Dalton, county assessor, charging him with asking for and receiving a bribe of \$5000, and soliciting and agreeing to receive a bribe of \$25,000.

The trial of the first case was set for June 22, of this year; and the second case was continued until that day, to be set.

This action was taken after Attorney Fairall, chief counsel for the defendant, submitted the demurrers to the indictments, which were filed yesterday in the Superior Court. He declined to make arguments in support of them, and in behalf of the prosecution Assistant District Attorney Hynes declared that he had nothing to say in the absence of an argument by the defense.

PLEADS NOT GUILTY.

The judge then stated that the next thing in order would be the plea of the defendant, whereupon a plea of not guilty was made in both cases.

When the case opened this morning Fairall stated that he desired to submit the demurrers. After the response by Assistant District Attorney W. H. L. Hynes, the court stated that he had read and given some consideration to the indictments and that the district attorney had submitted to him arguments attacking the demurrer and supporting the indictments. He also declared that he would be pleased to extend a similar courtesy to the defense.

Fairall stated that he had no arguments, oral or written, to offer.

The court then stated that the demurrer to case 5087, which is the one covering the asking for and accepting a bribe, would be overruled. Fairall took an exception. The same decision was made by the court in the case No. 5008, which covers the soliciting and agreeing to accept a bribe of \$25,000. An exception was also taken to this ruling. The court then called for the plea. Fairall said the plea would be not guilty.

Hynes declared that the prosecution desired the plea to be made by the defendant in person and not by his counsel. The court then ordered Dalton to stand up, whereupon the defendant advanced to the clerk's desk and the clerk read the charge and asked the defendant for his plea.

DALTON PLEADS.

"Not guilty," answered Dalton.

The second charge was read and Dalton made the same answer.

The next question was the fixing of the time for the trial of the accused.

Hynes said that he would like to have the date set at June 15. Fairall stated that he had business of his own to attend to at that time and would much prefer to have the matter go over for a month, or until June 28.

There was considerable sparring over these two opinions and the matter was finally settled by a compromised date by the court, who said, after some consideration, that he would fix the date for June 22, which would be four days shorter than the time asked for by the defense and only three days more than the date desired by the prosecution. This agreement was satisfactory to both parties.

Half an hour before the opening of the arguments on the demurrers to the indictments, oral or written, to offer.

The court then stated that the demurrer

THE MAYOR OF SAN FRANCISCO, THE POLICE CHIEF AND THE DETECTIVE APPOINTED TO THAT POSITION.

'I'M CHIEF' DECLARES SEYMOUR

Police Head Sticks to Saddle Despite Bucky Board of Commissioners

Wall Willing to Recognize Injunction; Never Saw the 'Official' Order

SAN FRANCISCO, May 26.—When Chief of Police Seymour arrived at the hall of justice today no attempt was made to prevent him from occupying his office, Captain of Detectives Wall, appointed acting chief by the commission yesterday, occupied his usual desk in the detective bureau, and made no effort to assume the direction of the department. It is not expected that commissioners Sullivan and Goldberg will seek to violate the writ of prohibition issued against the suspension of Chief Seymour by Judge Seawell. None of the commissioners was present at the hall of justice when Chief Seymour arrived.

Chief of Police Seymour had no sooner been suspended by the board of police commissioners yesterday afternoon than Captain Frank Norman sent a communication to the company commanders, signed by Acting Chief of Police Eugene Wall and intimated by himself instructing the officers in all parts of the city of the change.

The order was issued under instructions coming directly from the board, as Captain Wall declares absolutely that he issued it and Chief of Police Seymour certainly affirms that he did not. The communication was read to the officers on the midnight watch and on the 3 o'clock watch this morning and has not been countermanded, hence the question for the average patrolman to ask himself today is, "Who am I to recognize as head of the department?"

WALL IS WILLING.

Captain of Detectives Wall has gracefully submitted himself to the injunction issued by Judge Seawell at a late hour last night.

"I have not been served with the papers," said Wall this morning, "but Secretary Skelly has, and will send them to me."

Chief of Police Seymour is at his desk this morning. He maintains that he has never for a moment ceased to be chief. "I was present when the board went through the formality of suspending me," he declared, "but I was never served with the order of the commission and to my mind I have never ceased to be chief."

GRANT READ OUT OF FOLD OF CHURCH

Held Doctrine Contrary to Bible, Verdict of Assembly

ATLANTIC CITY, N. J., May 26.—The Rev. Dr. William D. Grant of Northumberland, Pa., has been found guilty of heresy by the commission which heard the charges made against him. The commission reported its findings to the Presbyterian general assembly this morning.

The motion to adopt the report and confirm the judgment of the commission was carried overwhelmingly without debate. There were only a few scattered "noes."

The commission found that Dr. Grant "taught doctrines contrary to the word of God in the Bible and the Presbyterian confession of faith."

THROWN OUT OF FOLD.

He is held to be guilty under the rules of the Presbyterian book of discipline, and the commission recommends that Dr. Grant be suspended from exercising the functions of a minister of the Presbyterian church.

CHARGE AGAINST DR. EATON IS DISMISSED

Demurrer Interposed by Theodore Bell Is Upheld

SAN FRANCISCO, May 26.—The charge against Dr. George L. Eaton, preferred by Benjamin Garren, accusing him of illegal acts in connection with the municipal clinic, was dismissed in its entirety by Superior Judge Seawell this morning. A demurrer interposed by Attorney Theodore Bell, representing Dr. Eaton, president of the board of health, was sustained by the court, who did not give leave to the prosecution to amend the complaint, which he held was defective.

The complaint against Eaton requested his removal from office on the ground that he had collected illegal fees in connection with the clinic and was permitting insanitary nuisances in the tenderloin. The accusation was brought at the instance of Judge Carroll Cook and out of the controversy there grew a war between the attorney and Mayor P. H. McCarthy.

In sustaining this demurrer and quashing the proceedings today, Judge Seawell declared that the complaint did not state whether or not there was a regulation permitting the municipal clinic to collect fees, and also did not state wherein the places complained of were insanitary.

It is probable that a new action will be begun when Judge Cook returns from a trip to Merced.

CAPITAL OF MEXICO IS JOY-MAD

Crowds Throng Streets in Gala Attire Acclaiming Name of Madero

Dethroned Diaz, Ill of Body and of Soul, Is Pathetic Figure

MEXICO CITY, May 26.—Every effort is being made by the government officials to keep secret the whereabouts of ex-President Diaz today. It is reported that the resigned chief executive secretly left his town house early this morning.

MEXICO CITY, May 26.—Francisco Leon de la Barra, the Mexican foreign minister and former ambassador at Washington, took the oath of office as Provisional President of the republic today. He will act as the chief executive in succession to Porfirio Diaz, who resigned yesterday, until a general election can be held. Order prevailed throughout the capital last night.

Senor de la Barra was escorted from the national palace to the chamber of deputies, where the oath of office was administered in the presence of the members of the staff of former President Diaz. The staff officials had resigned days ago, but had asked permission to escort the provisional president to the scene of his inauguration. The new chief executive was accompanied by General E. E. Racion, who took the oath as minister of war early in the day.

Most of the distinguished personages in the capital were present, including the diplomatic corps in full regalia, headed by the American ambassador, Henry Lane Wilson, the dean of the corps.

CITY IS ORDERLY.

Owing to the fact that Mexico City was orderly throughout the night, despite the magnitude of the crowd which celebrated the change in administration, business men prepared today to resume their occupations on a normal basis. Shutters were removed from the windows for the first time in two days and the morning sunlight, like a good omen, cast its rays through the open facings of the buildings, brightening considerably the appearance of the business districts. A large crowd gathered about the chamber of deputies cheering for Senor de la Barra and General Madero while the oath was being administered.

It is now regarded as certain that Alfredo Robles Dominguez, General Madero's representative here, and who is virtually the military commander of the federal district, will not find it necessary to call in the revolutionary forces from the cities of Cuernavaca and Pachuca for the purpose of maintaining order. The police and soldiers are acting under the direction of Senor Dominguez with as much readiness as if they had never known another superior.

DIAZ IS BETTER.

General Diaz's condition was reported as improved this morning. The inflammation in his face is said to have subsided greatly and the fever to have disappeared. Members of the retired president's family expressed the belief that he

Mexican War Postpones Berkeley Girl's Wedding

BERKELEY, May 26.—Frederick Lowell, a mining engineer of this city located in Mexico, has not arrived for his wedding to Miss Doris Schnabel, the local singer and society girl, which was scheduled for tomorrow night, and the nuptials have been indefinitely postponed.

Miss Schnabel will leave tomorrow for her old home at Newcastle, Placer county, for a summer visit, convinced that if Lowell had reached the United States border by this time he would have wired her.

Neither Miss Schnabel nor Lowell's mother or brother have heard from him for a month, and all are of the opinion that the parents of mail and telegraphic communication due to the insurrection is responsible.

Archbishop Riordan Buys Haven Property

Old-time Estate at Eighth and Chestnut Streets Will Be Catholic Home.

An important real estate transaction was consummated this morning by the sale to Archbishop P. W. Riordan, acting as a corporation sole, of the fourteen-room house and its grounds situated at the northeast corner of Eighth and Chestnut streets. The property has been held at \$25,000.

The sale was negotiated through the Layman Real Estate Company, who represented the former owner of the property, Charles D. Haven, Pacific coast manager of the Liverpool and London and Globe Fire Insurance Company. The house stands upon a lot 96 1/2 feet wide by 145 deep and will be used by its new owners, whom Archbishop Riordan represents, as a domicile for the sisters of the Catholic faith.

DYNAMITE SAFE OF BAY POINT POSTOFFICE

MARTINEZ, May 26.—Safe-crackers dynamited the strong box of the Bay Point postoffice some time after midnight this morning, securing \$300 in coin and an equal amount in two-cent stamps. A gasoline velocipede, the property of the Santa Fe railroad, is missing from its shed, and it is believed that the men made their escape on this.

What direction the robbers took is not known, but a posse of officers and citizens, made up when the robbery was discovered this morning, is in pursuit. The country surrounding Bay Point is being scoured and warning has been sent to Antioch and other stations on the Santa Fe, where the bandits must pass.

The robbery was discovered this morning when Postmaster W. T. South opened his office. Sheriff Veale of Contra Costa county was immediately communicated with and left Martinez for Bay Point. He returned early in the afternoon in order to be present at a trial in which he is a witness.

Bay Point is a small town between this city and Antioch.

Wife of Imprisoned Banker to Take Up Residence Near Penitentiary.

NEW YORK, May 26.—Mrs. Charles W. Morse, wife of the former banker whose petition for pardon was denied this week by President Taft, will leave tonight for Atlanta. She expects to stay there for some time, taking up her residence in the neighborhood of the federal penitentiary, and consulting as frequently as possible with her husband regarding her next course of action.

"I shall keep up the fight without flagging," she declared in the midst of her preparations for departure. "I have not decided whether to get up another petition. Of course, I am in a position to renew the application for the President's clemency in January, 1912."

Love-Duped Rancher Robbed of Fortune

After Adventuress Takes All He Has, He Gets the "Ha-Ha Jilt"

CHICAGO, May 26.—Thomas Foulkes, a farmer, whose home is in Danbury, Iowa, told in court here today a remarkable tale of courtship ending with being "jilted" after he had given his prospective bride \$11,312.

Miss Ledovine Miller and her brother, J. Warren Miller, an attorney, are on trial on a charge of swindling Foulkes. Six years ago Foulkes says, he met Miss Miller, and she promised to be his wife.

"After she had gotten all the money out of me she could, she told me to go to Los Angeles, join the church and marry some rich widow," Foulkes testified. "She said she would make a better mother to me than my wife."

Stabs Wife, Young Children and Himself

CHICAGO, May 26.—Pasquale Labrolo stabbed and probably mortally wounded his wife and two young daughters and then attempted to kill himself today. The whole family may die.

Labrolo, who was still conscious when the police reached him, said his wife had threatened to get a divorce and that if he could not have her, no one else would. He had been separated from her for a year.

County Officials In Auto Accident

While on an automobile ride in the vicinity of Calistoga yesterday Superior Judge Joseph Kelley, accompanied by County Clerk John P. Cook in the former's new six-cylinder Winton touring car were parties to an accident in which the automobile was destroyed by fire. None of the occupants was injured, so far as reported.

It is understood the party was on the way to Adams Springs at the time of the accident.

Seek Captain Kidd's Fortune in Boston

BOSTON, May 26.—Under the gray walls of Fort Independence, on Castle Island, now one of Boston's most popular parks, a treasure hunting expedition, by permission of the park commissioners, is seeking Captain Kidd's gold. The exact spot on the northeast corner of the island where the treasure is hidden was revealed to May Kinnear in a dream. Miss Kinnear did the dreaming, and her brother, George, is doing the digging.

PEOPLES WATER CO. IS CRITICISED

Berkeley Citizens Declare That
Bad Conditions Are
Unimproved.

BERKELEY, May 26. — Declaring that complaints were still being received relative to the bad condition of water in North Berkeley, and that the question whether the Peoples Water company is acting in good faith with the city council, Commissioner W. F. McClure today moved that a resolution censuring the water company be passed.

After a discussion it was decided to change the resolution to read that according to the information received by the council, the conditions affecting the water in North Berkeley had not been corrected and that the council insist upon the improvement being made at once.

The city clerk is to inform the company of the council's action. Commissioner McClure was also instructed to keep up the matter and report the result of his investigation at an early meeting.

Bids for official city printing for the next fiscal year were opened, one bid was from the Berkeley Independent at a price of 30 cents a square for each insertion and 24 cents a square for each subsequent insertion. The Independent's bid being the lowest it will probably be accepted by the council.

SEYMOUR STICKS IN THE SADDLE DESPITE COMMISSIONERS' ACTION

Declares He Is Chief and Will Stay So if He Has to Fight for
Rights in Court; Will Willing to Obey Injunction

(Continued From Page 1)

be chief. I do not intend to criticize either the action of the mayor or of the police commissioners. I am going right along doing my duty as I have tried to do it for months past.

WILL FIGHT IN COURTS.

"I will let my attorneys and the court fight out the situation, but meantime there will be no changes in the department, there will be no more, laxity permitted, and I can tell you that there will be no radical actions taken."

That Captain of Detectives Wall in his position as chief of police was to be a mere figurehead is indicated by the fact that he was not given the title of chief of police and yet never coming from him may be easily gleaned. The order which both Seymour and Wall deny giving, but on which is the handwriting of Captain Norman, is given below. It tells company commanders, lieutenants, sergeants, corporals and patrolmen that "Wall is chief and that Seymour has been deposed and yet when it was first read to the watches at midnight Seymour had already been restored to his own and it can be easily seen that had Wall issued it he would at that time have promptly countermanded it."

MERE FIGUREHEAD?

That Captain of Detectives Wall in his position as chief of police was to be a mere figurehead is indicated by the fact that he was not given the title of chief of police and yet never coming from him may be easily gleaned. The order which both Seymour and Wall deny giving, but on which is the handwriting of Captain Norman, is given below. It tells company commanders, lieutenants, sergeants, corporals and patrolmen that "Wall is chief and that Seymour has been deposed and yet when it was first read to the watches at midnight Seymour had already been restored to his own and it can be easily seen that had Wall issued it he would at that time have promptly countermanded it."

"OFFICIAL ORDER."

The order is as follows:
"To company commanders: At the meeting of the board of police commissioners held May 25, 1911, Chief of Police John F. Seymour was suspended from duty pending the hearing of charges to be preferred against him.
"At the same meeting of the said board I was appointed acting chief of police until further orders."

"EUGENE B. WALL,
"Acting Chief of Police."
The police commissioners met in executive session this morning, but I do not think that the chief of police Seymour formed a part of their deliberation. They were scheduled to consider the protests of the North Beach Improvement Association against the extension of the tenderloin.

Accusers Declare Seymour Knew That Gambling Flourished

SAN FRANCISCO, May 26.—The five charges preferred against Chief of Police John F. Seymour by the Board of Police Commissioners of the City and County of San Francisco are, in effect, as follows:

First.—That John F. Seymour has been guilty of neglect of duty, conduct unbecomingly the chief of police of the said city and county, that on or about the 2nd day of January, 1911, and prior thereto, and while John F. Seymour was chief of police there was being maintained at 45 Geary street a gambling club, known as "The Athenian Club," and at 35 Grant avenue, a gambling club known as "The Bridge Club," and at 1022 Kearny street a gambling club known as "The Casino Club," all within the central police district thereof, where craps, faro, roulette and other unlawful gambling games were played, all of which Chief Seymour well knew.

REMOVED BLOCKADE.

That Henry J. O'Day was captain of police in charge of the central police district, and that pursuant to the order of said John F. Seymour, the said O'Day undertook and prepared to blockade the said gambling clubs by detaining police to prevent unlawful gambling games to be played therein. That when Seymour learned that O'Day intended to blockade the gambling clubs, Seymour ordered O'Day to instruct the policemen to enter no longer remain therein, thereby preventing O'Day from maintaining and maintaining an effective blockade to the gambling clubs;

That the said gambling clubs were operated and controlled by Frank Daroux, Frederick Parker, John Gallardo and others whose names are unknown, all of which said Seymour well knew, and that the said O'Day was ordered by Seymour not to detain policemen to blockade the said gambling clubs at the special instance and request of Frank Daroux, Parker, Gallardo and others, with the intent of permitting them to maintain said unlawful gambling games.

SHIRKS RESPONSIBILITY.

Second.—That on or about the 13th day of January, 1911, and prior thereto, and while said Seymour was chief of police, there was being maintained at 149 Mason street a gambling club known as the Saratoga Club, and at 46 Geary street a gambling club known as the Athenian Club, and at 246 Powell street a gambling club known as the Alaskan Club, all within a few blocks of the Central police station, where said Seymour had his office and headquarters. That craps, faro, roulette and other unlawful games were played there openly and notoriously.

That when certain newspaper reporters and employees discovered that unlawful gambling games were being played, that said Seymour attempted to avoid and shirk responsibility therefor and to shift the blame to Henry J. O'Day, captain of police, said Seymour was charged with knowledge thereof and was responsible therefor, whereas the said Seymour had the same knowledge and opportunity as said O'Day that the said gambling clubs were being maintained and that said unlawful games were being played within the said police district, particularly since Frank Daroux, who was an intimate personal friend and associate of said Seymour, was being maintained certain of the said gambling clubs and was financially interested in others.

BRANDED INCOMPETENT.

Third.—That said John F. Seymour is incompetent for the office of chief of police of the city and county, and is incompetent to discharge the duties of said office and has performed said duties in incompetent and inefficient manner;

That on or about the third day of September, 1910, while said Seymour was chief of police, there was being maintained at 149 Mason street a gambling club known as the Saratoga Club, and at 246 Powell street a gambling club known as the Alaskan Club, and on or about the 6th

day of September, while said Seymour was chief of police, there were opened at the Grant avenue the gambling club known as the Bridge Club, and at 45 Geary street a club known as the Athenian Club, and on or about the 14th day of January, 1911, while said Seymour was chief of police, there was opened up at 54 Kearny street a gambling club known as the Crescent Club; that craps, faro, roulette and other unlawful gambling games were played continuously, openly and notoriously from the said 6th day of September, 1910, the said 14th day of January, 1911, respectively, until the 27th day of January, 1911.

POSTER TRAGEDY.

That on the said 27th day of January, 1911, one Gustave Postler was shot and killed in the premises occupied by the said Saratoga Club, at 149 Mason street, and the newspapers of the said city and county publicly announced that the said gambling clubs were being maintained at 149 Mason street, at 246 Powell street, at 35 Grant avenue, at 46 Geary street, and at 54 Kearny street, and that unlawful gambling games were being played therein.

That said John F. Seymour should then and there have ascertained and ascertained and known that the said gambling clubs were being so maintained, and that it was his duty to have ordered policemen to be detailed to enter and search the said gambling clubs, that it was the duty of said Seymour to have prevented unlawful games from being played.

That said Seymour negligently and carelessly failed and neglected to prevent unlawful gambling games from being played until the newspapers of the said city and county announced that such games were being maintained.

SEYMOUR'S CHARGES.

Fourth.—That said Seymour, while chief of police, has rashly and intemperately and without justification and proof, publicly charged that the members of the police department of the said city and county are dishonest, corrupt and treacherous, and has thereby antagonized and estranged the said police officers of the police department and the members of the police force, and has caused and created dissatisfaction, strife, discord and dissension in the said police department, and has subverted the discipline and serious subverted the efficiency of the said police department.

Fifth.—That said John F. Seymour, since his appointment as chief of police, persistently has attempted to avoid and shirk the responsibility because and on account of the operation, conduct and maintenance of unlawful gambling clubs in said city and county, said Seymour on account of the neglect of duty and law in the said city and county, and of his administration of the said police department by wrongfully and unjustly attacking and charging the members of the police department and the members of the police force, and has thereby antagonized and estranged the said subordinate officers.

CHARLES F. SKELLY,
Secretary Board of Police Commissioners.

McCarthy Brands Mission Crusade As Political Scheme

SAN FRANCISCO, May 26.—Mayor McCarthy gave the police commissioners his views upon their conduct and said that he would wait until the police department and the members of the police force, and has caused and created dissatisfaction, strife, discord and dissension in the said police department, and has subverted the discipline and serious subverted the efficiency of the said police department.

"To the Honorable Board of Police Commissioners: I am writing you this letter solely and alone upon the subject of the weight of office as mayor, I find it incumbent upon me at this time to advise the public mind as to the management of your department which impress me as being of the gravest importance to the community."

"Pursuing a policy definitely outlined before the municipal election of November, 1909, the said policy was passed upon and approved by the people at that time. I am determinedly interested in giving to the community, within the law, a liberal and efficient administration which is in harmony with our universal wish for civic peace and progress, commercial development and the legitimate pursuit of law."

"While it has been the persistent and emphatic aim of those who would like to capture the city government to defeat the city government, the said policy for which the union labor administration stands sponsor, and likewise to conduct the said policy in a manner which shall not come to pass that such campaigning, fraught with defamation and calumny, can at any time induce a board of police commissioners appointed at my hands either to exceed or to fall short of their plain duty toward the people of the said city and county. It is understood and therefore discredited by the community, is intolerable to me."

CASES OF MISSION CAFES.

"I have reviewed with painstaking care the facts constituting the cases of the Mission cafe owners, recently brought before your honorable board for hearing, and I am free to state that the evidence adduced in the said cases does not justify the ruling of your honorable board in the said cases, and I am free to state that the said ruling is a gross injustice to the said cafe owners."

"It must be obvious to the most prejudiced mind that the crusade suddenly launched against the good name of the Mission district is the result of one of the most contemptible political schemes of which we have any knowledge. A degraded newspaper laid the plot in the first instance and sent one of its editors to the police department to gather by night and by day fresh ideas for the explosion of a great scandal and journalistic sensation."

"The said newspaper and the police department were forced into league with this newspaper and the manufacture and embellishment of evidence, the said police department was granted a day off, and while he was in the country the 'grand expose' took place and he found himself facing charges of neglect, etc."

"Whatever police work was necessary in this instance could have been accomplished by the said police department out of the aid of a press agent, particularly since it is the ordinary duty of the police department to have the said police department in the pursuit of their regular work. The Mission district is not deserving of the tremendous scandal which broke forth as soon as the said police department was properly staged and the newspaper in question had fired its 12-inch gun."

"BELIEF" OF MISSION PEOPLE.

"It is noticeable that no such scandals were 'planted' or exploded in other resident sections, and it is today the unalterable belief of the best people in the Mission district that this entire scheme was evolved for the sole purpose of discrediting certain police officials and

to work up, if possible, a public sentiment against the union labor administration. I apply the effort failed in both respects, but the fact remains that the Mission district, embracing homes and residences, was wantonly libeled, besmirched and humiliated."

"There shall be no distinction so long as I am mayor between hotels north of Market street and hotels south of Market street or elsewhere. There shall likewise be no distinction as between cafes. They are to be dealt with alike, in accordance with reason and justice, and none are to be made the victims of petty spite, persecution or political vendetta."

"A female detective serving as a spy might, indeed, decoy the proprietor of an unoffending and humble cafe in the Mission district to sell her a drink and a drink upon the strength of a statement that she intended momentarily to order food, but I cannot see that this is either a dignified business for the department to be engaged in or that justice itself is thereby much glorified. I believe the taxpayers of the said city are entitled to have their police officers devote their time to suppressing actual crime, jailing felons, and keeping good order throughout the city, but I do not believe that the citizens want their employees engaged in petty crusades to ensnare liquor merchants in a minor infraction to the ultimate scandal of a great city and respected residence locality with all along borne a spotless reputation."

LICENSES TO BE RESTORED.

"Contrasted to the course pursued by the department in reference to the Mission district, I would call your attention to other localities well known to the citizens of the said city. Citizens are wont to seek their legitimate pleasures, but where no such traps are attempted to be laid and no scandal is thereby caused, the citizens are not to be denied the enjoyment of great latitude, and since no law is violated and the morals of the community are not thereby affected, I am glad to see the liberal policy shown. The policy of your department has not been uniform or consistent, and, in consequence, the citizens of this administration, pledged to decency and liberality, has not been carried out."

"It will be remembered that upon learning of the frightful accusations made in the Mission district by a wandering architect whom the great majority of the respectable citizens of the said city, and who was later arrested for his infamous charges, I demanded that any proof of the charges be shown. I would indeed be glad to see a single instance to a minor male or female, be furnished to me. I have never received any report or any evidence that all that there was the slightest foundation in fact for the grave charge that liquor had been sold to minors in cafes in any section of the city."

"In view of the foregoing facts, I desire to request herewith that your commission processes immediately void and annul the licenses in the Mission district. If any lapse occurred at all as the result of the important and well known fact that a detective, a sufficient penalty therefore has been paid."

SLUR UPON DANCING.

"Upon a further review of matters as they exist, I am constrained to ask by virtue of the regulation your department has, within recent weeks, undertaken to become a censor of the dancing academies, and of the dancing academies that have been conducted here by highly responsible citizens during the past year or more, 30 years without violating the law or endangering scandal. For the police department to undertake to censor the dancing academies where the young men and women of small means go for their recreation, and to throw doubt and suspicion over this highly proper pastime, is a slur upon the police department."

"I notice that the exclusive dancing organizations of the rich, where wine and women are the order of the day, brought up with a round turn. It remains for the police then to apply their discretion to the case of the poor dancing academies where the young men and women of small means go for their recreation, and to throw doubt and suspicion over this highly proper pastime, is a slur upon the police department."

"At the same time, it must be remembered that we have a number of large and costly brewing establishments in the said city, and that the police department in their effort to sell their product, are endeavoring to create a market for the same in the neighboring states and territories. Therefore, in the automatic granting of transfers to the said breweries, the police department is in a position to create a market for the same in the neighboring states and territories. Therefore, in the automatic granting of transfers to the said breweries, the police department is in a position to create a market for the same in the neighboring states and territories."

"I am by no means pleased at the failure of the police department to establish a lawful condition of content and activity in Chinatown, which would meet with the approval of our bankers, merchants, property owners and businessmen, all of whom have complained that ridiculous rumors have driven some fifteen thousand Chinese from the said city, and that the police department has been unable to restore the said city to its former condition. I am by no means pleased at the failure of the police department to establish a lawful condition of content and activity in Chinatown, which would meet with the approval of our bankers, merchants, property owners and businessmen, all of whom have complained that ridiculous rumors have driven some fifteen thousand Chinese from the said city, and that the police department has been unable to restore the said city to its former condition."

ATTITUDE CLEAR.

"I made my attitude clear during the last municipal campaign; dealt plainly with the situation in my platform, and declared my policy to the board of supervisors in a public address. Still later, at a public conference between the officials of the district and the Chinese merchants, newspaper representatives and myself, the policy of this administration was definitely set forth, and an understanding in writing reached. I am not responsible for the presence here of any Chinese or other Asiatics, but since they are here, and their commercial and trade relations are vastly important to the city, it is my duty to protect the number and identity of the commercial houses and business men of your

REV. GRANT IS GUILTY OF HERESY

Presbyterians Say He Held
Doctrines Contrary to God
and the Bible.

Stripped of Church Garb Until
He Sees Error of
His Ways.

(Continued from Page 1.)

until such time as "he can convince his own presbytery, that of Northumberland, that he has renounced the errors he has been found to hold and to satisfy the presbytery of his purpose no longer to teach them."

Among the shortcomings of Dr. Grant was his declaration that Jesus, Mary, Martha and Lazarus "danced and sang a bit" on the night after Lazarus' resurrection from the dead. Dr. Grant explained that he believed Jesus had many human attributes, and that naturally, being full of joy at Lazarus' coming to life, they celebrated the event in a mild way.

STING HAS BLUNT POINT.

Though the decision was at first a crushing blow to friends of Dr. Grant, the judgment which leaves it up to his presbytery to reinstate him, that body having already acquitted him once and being obviously favorable to him, somewhat lessens the sting of the apparent harshness of the verdict. It was pointed out by his friends that there is nothing to prevent Dr. Grant from appealing to his presbytery at its very next meeting and by making a statement recanting any views that might be taken to attack the basic doctrine of the church being reinstated within a short time.

The word "heresy" was not used in the summing up or the final judgment.

Dr. Grant was present when the report of the commission was read. Before a vote was called for his chief counsel, Dr. J. Gray Bolton of Philadelphia, asked to be allowed to read a statement for Dr. Grant. Dr. Bolton not being a member of the assembly, his request was declared out of order.

DR. GRANT'S DEFENSE.

The statement, which was in the nature of an affirmation of faith in the great doctrines of the church, follows:

"Few men have suffered as much for their beloved church as I have suffered for the church of my fathers. I reverently and lovingly bow to its decision: I now affirm, during these proceedings, my unqualified faith in my blessed Lord and Savior, Jesus Christ, in His deity, virgin birth, resurrection and mediatorial work, and in the scriptures of the Old and New Testaments, as the infallible rule of faith and life. I have never knowingly taught anything contrary to the above declarations."

"Some of the statements I have made in my articles, I can now see now, are subject to misconception; but if I cannot do the great doctrines of grace, as given in the New Testament, in the Presbyterian church, I ought to leave her ministry; but I trust it shall be my privilege and joy to continue to proclaim those doctrines as long as God shall give me strength to do so."

CASE AGAINST CLERGYMAN.

Sustaining the charges that Dr. Grant had, in writings and sermons, denied the doctrine of Christ's mediatorial office, the commission found that he had advanced ideas tending to weaken and disparage faith in such a doctrine or the need for it. The commission found that he at various times impugned the veracity of the Bible's teachings and had made statements which tended to divest the words of Holy Writ of their authority.

After stating that Dr. Grant was undoubtedly guilty of an offense under the rules of the book of discipline, the report said:

"While the commission does not question the right of any man to interpret the Scriptures as he pleases, yet we do not think he should teach doctrines contrary to the confession of faith and yet remain in the Presbyterian church."

SEMINARY WAR SETTLED.

As soon as the Grant case was out of the way that against the Rev. Dr. William Adams Brown, a professor in Union Theological Seminary, was dropped by the assembly.

The assembly adopted a resolution for a committee to seek the re-establishment of relations with the Union Seminary.

This action ends a doctrine war between the assembly and the seminary, which has lasted six years.

DALTON PROPERTY IS TRANSFERRED TO SISTER

F. O. E. SHOW TO BE STAGED SOON

Clever Amateurs Will Entertain at Macdonough On Next Monday Evening.

The final rehearsals for the Eagles' big show at the Macdonough Theater will be held this evening and Director Gilmaire promises to round out the best amateur performance ever given in Oakland next Monday and Tuesday evenings, with a special Memorial day matinee. The program is a long and varied one, comprising popular selections from the latest musical comedy successes, such as "Madame Sherry," "The Ladies' Whirl," "Arcadians," "Fantana," "Marrying Mary," "Mile. Modiste," "The Tourists" and "The Grand Mogul."

The production will be given in three sections, special features being introduced by some of the best-known local talent and an olio that will include solos by Mrs. J. A. Morley, Miss Naomi Corker, Mrs. Jack Herr, Oakland's old-time favorite, Claude Lorain, Frank Pigone, Miss Reed, Mrs. Beatrice Kelly and other well-known singers. The Apollo Quartette will be heard in the stirring war scene on the banks of the Rappahannock river, where the well-known "Boys' Choir" of Appomattox Post will render patriotic selections in honor of Memorial day.

"KISS ME" SONG.

Among the other musical numbers will be the popular "Kiss Me" song rendered by Miss Mabel Hatchwell and a sextette of male voices. Mrs. Fred Metz and a double quartette of pretty girls will render the "Hottentot Love Song" attired in beautiful costumes specially prepared for the occasion. "You're Just the Girl I'm Looking For" with Mrs. Joseph O'Leary and R. B. Helder as soloists, is a catchy musical skit in which a double sextette will participate. "I'd Like to Call You Mine," "My Dear Old Oakland," "Fantana" and "Frisco, You're a Bear," are some of the other numbers on the musical program.

Miss Birdie Calish, who holds the sobriquet of the "second May Irwin," will appear in her celebrated song and darkey specialties, including the "Grizzly Bear," in which she will be assisted by her bunch of "bear

CONTINUE HEARING IN TRAFFIC CASE

State Board Puts Over Application for Better Freight Rates.

SAN FRANCISCO, May 26.—The state board of railway commissioners yesterday continued the hearing of the suit filed by the traffic bureau of the Merchants' Exchange against the railway corporations to secure a better traffic rate between this city and points in the San Joaquin valley, until next Monday. The continuation was granted at the request of Attorney Durbrow, on behalf of the Southern Pacific Company, to prepare its case. Durbrow filed sixty rate tables with the commissioners.

Durbrow was considerably ruffled when Attorney Seth Mann asked for copies of all statements that the railroad company would file with the commission in putting in its case. Durbrow stated that it had cost the company \$40,000 to do that when it was before the interstate commerce commission. Later President Eschelman announced that the commission would arrange to pay for the extra copies. He also announced that the arguments in the hearing would not be heard until the week after next.

WILSON CASE IS NEARING AN END

Court Declares Trial Must Be Concluded Before Nightfall.

SAN FRANCISCO, May 26.—Judge Emmett Seawall issued an order this morning declaring that the trial of John Walter Wilson must be concluded before nightfall. Attorney Samuel Shortridge argued in behalf of the defendant this morning, concluding his address to the jury at noon. This afternoon Assistant District Attorney Maxwell McNutt is summing up the prosecution's case.

MANY APPLICANTS SEEK TO BE SUPERVISORS

ALAMEDA, May 26.—Many applications have been received by both the Board of Education and the Park and Playground Commission for supervisors of play in the city parks. There are three appointments to be made, two supervisors to be employed in Washington park and one in McKinley park. The appointments will be made by the joint action of the School Board and the Park and Playground Commission at a meeting to be held in the near future. The supervisors will be employed only during the summer school vacation.

MOOSE LODGE HAS CLASS INITIATION

ALAMEDA, May 26.—Alameda Lodge of Moose held an enthusiastic meeting and initiation last night at Moose hall. The features of the evening were the presentations of the emblematic flag of the order by E. O. Putzman and the American flag by G. A. Leroux. A response of thanks was made by Worthy Dictator A. F. St. Sure. Worthy Dictator Wenthe of the Oakland Moose lodge was in attendance at the meeting. Moose lodge is increasing in membership, initiations being held at each meeting of the order.

REV. SIMONDS PLEADS FOR WOMAN SUFFRAGE

Under the auspices of the Suffrage Amendment League a lecture was given last night at Diamond hall in Fruitvale by the Rev. William D. Simonds.

Dr. Simonds made a strong plea to women to recognize their duty and to demand the right and privilege of full citizenship.

SCALDED CHILD DIES IN AGONY

Sufferings of John Cambra, Who Fell in Boiling Water, Are Over.

After lying in agony for four days, John Cambra, three year old son of John Cambra, of 27 Derby street, died this morning. Of injuries received from an accident fall into a small tub of boiling hot water.

His screams brought his 12-year-old sister to the rescue, but his clothes were saturated with the hot water and horrible burns were inflicted. Dr. J. H. Callan was called, and administered medical treatment, but he held out no hope for the recovery of the child.

The body has been removed to the morgue and an inquest will be held next Wednesday morning.

ARBITRATION BETWEEN NATIONS IS INDORSED

MOHONK LAKE, N. Y., May 26.—The representatives of fifty-one commercial organizations attending the seventeenth annual meeting of the Lake Mohonk

Conferences on International Arbitration today sent telegrams to President Taft, and to Senator Cullom, chairman of the senate committee on foreign relations, asking they heartily endorse treaties of unlimited arbitration with Great Britain, France and other countries, and wish speedy success with such treaties.

Oscar J. Straus, member of The Hague court, and former ambassador to Turkey, addressed the conference on "Business and International Arbitration."

will be able to call for Europe from Vera Cruz by the last of the month.
General Enrique Torreola, sub-director of the military college, was appointed chief of staff today to Provisional President de la Barra. Before resigning his office yesterday as minister of finance, Jose Yves Limantour, exhibited to Jaime Guzman, the new sub-secretary of the treasury, \$80,000,000 in gold in the vaults of the treasury. Senor Limantour turned over all the government funds in his possession, taking Senor Guzman's receipt.

DIAZ PATHETIC FIGURE.

The passing of President Diaz as a political figure last night was one of the most dramatic events in the recent history of Mexico. The venerable ruler still was confined to his palace, which was hedged about with strong guards of mounted police and soldiers, while across the Zocalo, machine guns were masked ready to deal with any further outbreak, such as that of the night before.

Popular excitement was at a high pitch, but was held in check by the patriotic appeals of Madero's personal representatives, Senor Dominguez, for the maintenance of order and the dignity of the cause. Crowds surged about the chamber of deputies, waiting the words of Diaz's final action. Inside the chamber there was an impressive scene as President Diaz's letter, finally and completely relinquishing the reins of power, was presented and accepted, followed by the presentation and acceptance of Vice-president Corral's resignation.

CROWD CHEERS WILDLY.

Immediately word was carried to the waiting crowds outside, which broke into wild demonstrations of enthusiasm, accompanied by the clanging of the great bell in the cathedral and a salute of cannon. Surging masses of people paraded the streets, carrying banners or emblems of Madero with wreaths of flowers and other symbols of the final success of the revolution. Here and there were scattered affairs, but in the main the demonstration was one of enthusiastic approval and rejoicing.

Francisco Leon de la Barra took up the reins of government in an open letter addressed to the Mexican people, acknowledging his election as provisional president and declaring his purpose not to be a candidate for either president or vice-president when a general election should be called. The entire cabinet of President Diaz followed the action of its chief in presenting their resignations. Thus was the riotous demonstration of the night before followed quickly by the orderly and enthusiastic transition from the old Diaz regime to the new one.

Madero Smiles As He Reads News of Diaz's Resignation

JUAREZ, Mexico, May 26.—With a smile on his face, Francisco I. Madero, Jr., sat under a cottonwood tree beside his residence, waiting for the news of the resignation of President Diaz. He would not restrain a smile as he noted President Diaz's comment that he knew of no fact chargeable to him which should have caused the revolution of feeling toward him. To an Associated Press representative who was present he said he preferred not to comment on President Diaz's letter. He gave the impression he could not agree with its contents. As to Senor de la Barra's letter stating that he would not be a candidate for president or vice-president, the rebel leader was greatly pleased and declared he would issue a manifesto later today.

Diaz Bows to Will of People, Branding Revolt Phenomenon

MEXICO CITY, May 26.—President Diaz's letter of resignation follows:

"Sirs—The Mexican people, who generously have covered me with honors, who proclaimed me as their leader during a war, who patriotically assisted me in work undertaken to develop industry and the commerce of the republic, establish its credit, gain for it the respect of the world and obtain for it an honorable position in the concert of nations; that same people, sirs, have revolted in armed military bands, stating that my presence in the exercise of supreme executive power is the cause of this insurrection.

"I do not know of any act immediately credited to me that could have caused this social phenomenon; but, permitting, though not admitting, that I may be unwittingly culpable, such a possibility makes me the least able to reason out and decide my own culpability. Therefore, respecting as I have always respected, the will of the people, and in accordance with article 82 of the federal constitution, I come before the respective representatives of the nation in order to resign, unreservedly, the office of constitutional president of the republic with which the national vote honored me, which I do with all the more reason since, in order to continue in office it would be necessary to shed Mexican blood, endangering the credit of the country, dissipating its wealth, exhausting its resources and exposing its policy to international complications.

"I hope, gentlemen, that when the passions, which are inherent to all revolutions, have been calmed, a more conscientious and just study will bring out in the national mind a correct judgment which, when I die, I may carry engraved on my soul as a just estimate of the life which I have devoted and will devote to my countrymen. With all respect,"

"PORFIRIO DIAZ."

commending Senor de la Barra on his public spirit.

Senor Madero has great confidence in Senor de la Barra and to his callers lauded the honesty and integrity of Mexico's acting president.

Messages continued to pass between the two men today with respect to the prolongation of the session of congress and the time for holding the general elections. It had been suggested to Senor Madero that some time in November would be a suitable occasion, but the rebel chief declared a week earlier date, perhaps September, though many of his friends think it ought to be held within thirty days. Senor de la Barra, it is expected, will respect the wishes of Senor Madero in the matter and it is not at all unlikely that the point will not be decided until the latter reaches Mexico City.

Plans for the journey to Mexico City were begun in earnest today and the expectation is that Monday will be the day of departure. Reports of the repairing of the railroad due south from here are not favorable and Senor Madero is loath to think he may be compelled to leave Mexican territory to travel via San Antonio, Tex., and Laredo in reaching the national capital.

MADERO MANIFESTO.

Senor Madero announced at 1 o'clock that his manifesto would contain the announcement of his resignation as provisional president conferred upon him by the San Luis Potosi convention. He will call attention to the fact that as he stated some time ago he would resign the provisional presidency when some member of President Diaz's cabinet was placed in power, and inasmuch as that

contingency has been reached, he now renounces any claim to the presidency and recognizes Senor de la Barra as the sole executive in Mexico.

American Troops to Remain Indefinitely On Mexican Border

WASHINGTON, May 26.—Aside from hastening a change in the command of the maneuver division, the restoration of peace in Mexico will have no effect on the military forces now in Texas. It was deemed prudent to keep General Carter in charge of the division as long as conditions in Mexico were delicate, but he will soon be succeeded by General Fred D. Grant, in execution of the original policy of rotation in the commanding officer. The division itself, however, will remain in Texas at least until next winter for military training.

The change in the presidency will not affect the personnel of the Mexican embassy at Washington, especially in view of the fact that Ambassador Zamacona was personally selected for his post by Senor de la Barra when he relinquished the ambassadorship here.

Vice-President of Mexico Corral Is at French Capital

PARIS, May 26.—Ramon Corral, whose resignation as vice-president of Mexico, together with that of President Diaz, was tendered and accepted by the Mexican Chamber of Deputies yesterday, is still sojourning at the French capital. Commenting today on the disorders in Mexico City, in the last two days, Senor Corral said:

"The whole situation in Mexico is very serious. The former vice-president said he called his resignation to President Diaz a few days ago."

Rebels Burn Three Houses, Property of Tecate Loyalists

SAN DIEGO, May 26.—Three houses, belonging to loyal Mexicans at Tecate, Lower California, were burned yesterday by a detachment of twenty-five rebels, part of the band now holding Tijuana, Lower California. The information was received in San Diego this afternoon by telephone from Tecate, Cal. That this pressage renewed rebel activity in Lower California is indicated by the publication here of a letter from Ricardo Flores Magon, declaring that the movement begun by the Mexican Liberal party would be continued regardless of any terms arranged between the Mexican government and the Maderistas.

OAKLAND TRIBUNE, Oakland's greatest evening newspaper, assures its advertisers that the circulation of this paper reaches every day over 200,000 readers.

Justice Harlan Fires Politics.

Justice Harlan's opinion dissenting from the decision of the Supreme Court in the Standard Oil case reads very much like a political appeal to the country. Not only does the veteran Justice attack the construction of the Sherman act laid down by his colleagues, but he expresses his views as to the policy of the law and what Congress should do and not do in the premises. He asserts that the court has not only changed the law, but amended the Constitution. His language is as vigorous in tone as it is radical in tenor. He has strained the language of the decision to the uttermost in searching for grounds for dissent—has, in fact, presented an argument rather than opinion. His hostility to what he terms "judicial legislation" goes to the extreme of the advocate. It is expressed in terms that by no means indicate a judicial temper. His object is apparently to make a political issue of the question which the court has just decided. In effect, he asks the commonality to overrule some of the lines of reasoning followed by the court in reaching the conclusion it did. Justice Harlan concurs in the conclusion, but he wants the obiter dicta expunged from the decision. It may be said that he desires to change the methods of ratiocination which his colleagues have employed. He says they have reached the right destination by a wrong road, and suggests that they be compelled to go back and come through on the right line. Popular animosity against the Standard Oil Company is so strong that Justice Harlan's dissenting opinion is being widely commended. It has undoubtedly made a hit with a great many people. It is received with the greatest favor by men who have never read the Sherman act and who really do not know anything about the Supreme Court's decision, and who take newspaper statements for the language of the court. Nevertheless Justice Harlan has cast a firebrand into politics by dissenting in the tone and on the grounds he did. He has reproached his colleagues in an address to the populace, an address that has all the fire of a stump speech and all the art of a deft politician. He has certainly created a sensation and started an agitation—whether for good or ill remains to be seen.

The police changes in San Francisco are so frequent that the outsider is puzzled to keep track of them. Changes in the police board are followed swiftly by changes in the executive branch of the service. Chief Seymour has been at the head of the department only a short time, but he has already been suspended and says he will appeal to the courts to prevent his removal from office. The condition is most unfortunate and has a tendency to demoralize the force.

The situation in Mexico is charged with dynamite. Francisco de la Barra, late ambassador to Washington, has been installed as provisional president of the republic, but Francisco I. Madero is the real ruler. His personal representative has taken military command in the federal district, but lieutenants of Diaz still hold command of considerable bodies of troops in the several states. Madero seems resolved to relieve those men of their commands and the positions they hold under the civil government. There promises to be a clash if matters are pushed to an extreme. The situation is complicated by the reluctance of a number of the revolutionary leaders to comply with the terms of settlement agreed upon by Madero and the adherents of Diaz. It is doubtful if diplomacy, however tactful and diplomatic, can halt a revolution midway and bring about a pacific understanding between the factions so lately at war. Diaz has resigned, but many of his adherents are by no means resigned to the condition thereby created.

The Political Frame-Up in California.

The Stockton Record says THE TRIBUNE made a good guess when it said the cards have been stacked to give La Follette the California delegation next year. Nobody knows this better than the editor of the Record. He knows why the new primary law made no provision for choosing delegates to national conventions. Doubtless he knows why such a provision was stricken from the original draft of the law.

Unless we are much mistaken, the new law was framed with intent to prevent the Republican voters from having anything to say about who shall represent them in the national convention to be held next year. The intent, to our mind, is to have the State convention over which Chester H. Rowell presided in 1910 called together again to elect delegates. That will be equivalent to letting Chester Rowell, Meyer Lissner, E. T. Earl and Governor Johnson appoint the delegation. Any delegation they appoint or is selected by their direction will be hostile to President Taft. The surface indications are that the insurrecto junta has decided that La Follette shall have the delegation.

If the State convention of 1910 should not be called together in 1912 to choose delegates to the national convention, then it will devolve on the county conventions which assembled in 1910 to re-assemble and choose delegates to a State convention, which in turn will elect the delegates to the national convention.

Again this would be equivalent to letting Rowell, Lissner & Co. select the delegates. Apparently that is the present design. It was the design when the last Legislature tinkered with the primary law. The scheme was to deprive the Republican electors of all opportunity to designate their preference in regard to presidential candidates and to place the selection of the delegation in the hands of a group of men who are determined to maintain political ascendancy in this State at any cost.

With this design the Stockton Record is in thorough accord. The editor of that paper is a cog in the new machine and he believes in taking every advantage the law allows, and some that the law does not allow. In the present instance the law, it seems, was expressly framed to allow a huge advantage to be taken of all the Republican voters of California.

If there is no miscue in carrying out the program the California delegation to the Republican national convention in 1912 can be counted as the personal asset of half a dozen individuals who are busy knocking President Taft and applauding the Senators and Congressmen who are trying to disrupt the Republican party and embarrass the Taft administration.

A NEW GENERAL IN THE FIELD

—LOS ANGELES EXPRESS.

NEW MARK FOR EXPORTS

It is now established beyond question that the fiscal year 1910-11 will make a new high mark in exports. Returns published by the Bureau of Statistics of the Department of Commerce and Labor show that the exports for April were valued at \$158,004,276, the highest total for that month on record. For the ten months ended with April exports were valued at \$1,763,777,835. The largest total for any year in our history was that for 1908-09—\$1,880,810,078. The average of the exports for May and June will probably not fall below \$160,000,000 a month, so that the total for 1910-11 will reach something like \$2,050,000,000, and for the first time exports from the United States in one year will pass the \$2,000,000,000 mark. The balance of trade in our favor will exceed 500,000,000.

Undoubtedly a part of this year's expansion in exports has been due to the decline in domestic prices for other agricultural products than cotton. Lower prices here have stimulated sales abroad. But the larger part of the gain has resulted from the steady increase in the sale abroad of manufactured or partly manufactured articles. Agricultural exports were larger by \$8,000,000 in the ten months ended with April, 1911, than they were in the ten months ended with April, 1910, and larger by \$129,000,000 than they were in the ten months ended with April, 1910. But non-agricultural exports have increased much faster, being \$248,000,000 larger this year than they were for the corresponding period two years ago. Non-

agricultural products now lead agricultural products by \$35,000,000, whereas two years ago agricultural products led by \$59,000,000. A new balance has been struck in the export trade; and it is evident that the United States will become more and more a seller in the world's markets of its manufactures rather than of its grain and foodstuffs.—New York Tribune.

ONE EFFECT

Prohibition sentiment has led to a curious development in Norwegian politics. Three years ago the Storting increased the internal revenue on alcohol to such an extent as practically to ruin the industry, causing heavy losses to many manufacturers and farmers. Later a treaty with France made impossible an increase in the customs duty on alcohol. "The cabinet recently secured an amendment to the treaty by which an increased duty was allowed on all alcoholic spirits except cognac and brandy," says a correspondent of the Chicago Daily News. "The Storting, however, rejected the increase of duties on raw spirits, and therefore the heavy importation of alcohol and the absence of domestic production will continue. The majority of the Storting prohibitionists believe that by stopping the manufacture of spirits completely in Norway it will be easier later to prohibit the importation of liquor."

20 YEARS AGO IN OAKLAND

The city is in a financial pickle. Now \$1500 is due creditors for current expenses, and by June 30, the end of the fiscal year the sum due will be about \$7000 while the surplus of all funds is expended.

Those who will take part in the closing exercises of Father McNally's parochial school this afternoon are: T. J. McCarthy, D. W. Halliday, J. P. Mulhern, F. J. Costello, Edward W. Long, J. J. Clynes, P. J. Tahaney, M. J. Fitzgerald, C. McGuinn, F. A. Murphy, J. C. Ready, J. Mullins, J. T. McQuaid, E. J. Dinneen, T. M. Donnelly, Charles Noble, H. J. Long, P. Bliven, J. J. Burke, F. R. Ahern.

\$2000 is the amount of damage it is figured the rain did to the Park House building at Fourteenth and Washington street this morning, owing to the clogging of a drain pipe on the roof. The post-office was put temporarily out of commission.

Joseph Macdonough, in a letter to THE TRIBUNE states that the reason he asks a \$10,000 bonus from the people of Oakland should be to build a theater on the corner of Fourteenth and Broadway is that it will be a greater venture on his part and if the people of the city desire a playhouse such as the Baldwin or the California in San Francisco, they should be willing to share in the expenses. Otherwise Macdonough will erect an office building.

Mr. Capwell of the Lace House has a surprise in store for those who wrote

essays and did not receive any of the first prizes. He has piled up in his office a number of mirrors and brush sets for those who contributed and these will be awarded at once.

Today an exhibition drill was to have been held by the University Battalion at Berkeley. Last night some people, supposed to be students, entered the armory and took all the guns, none of which can be found today.

The following Oaklanders are traveling this week: Mrs. E. H. Moore, Mr. and Mrs. E. Higgins, M. J. Keller, Miss Selma Sites, Mrs. H. G. Parsons, Rev. and Mrs. E. Graham, Mrs. Arthur C. Donnell, Mrs. S. Breck and Misses Louisa and Augusta Breck, and Prof. S. P. Meads.

Oakland harbor is getting more and more commercial importance. Alameda is now about to push a wharf out into deep water. Within the next decade the belt of marsh on both sides of the estuary will be all occupied with wharves, docks and manufacturing plants.

The closing exercises at the Oakland Seminary were held last evening, the following taking part: Misses Lulu Ayers, Blanche Clinton, Daisy Hanson, Mabel M. Pelton, Helen Bell, Eva Crowley, Hugo Mansfield and others.

The corner stone of the Nathaniel Gray hall of science at Mills seminary was laid this afternoon. When completed the building will be three stories in height and will cost about \$25,000. At a meeting of the trustees today Mrs. Susan B. Mills was elected permanent head of the institution.

CHEAP SMOKING

Old Mexico has one advantage in the shape of cheap tobacco. The leaf grows freely in the republic of the South, and its government levies no tax upon it. For 2½ cents in American, or United States money, you can buy an excellent cigar, every whit as good as our 10-cent brand. And cigarettes are the same way. To protect the domestic production, the American tax on imported tobacco is altogether prohibitive. American cigars in that country are so high that no one thinks of buying them.

At Nogales, a border town, there is an international street, one side of which is in Arizona and the other in Sonora, Mexico. On the south side of this street a tobacco store sells an excellent cigar of a certain brand for 5 cents. Across the street, on the American side, the identical brand of cigar is exposed for sale at 13 cents. To bring the Mexican cigar across the narrow street and make a profit the American dealer must sell the Mexican product at three times its original value.

The laboring class profits by the exemption of native tobacco in Mexico. They are able to purchase two boxes of cigarettes, containing ten each, for 2½ cents in our money. The tobacco in these cheap cigarettes is the sundried, natural leaf and of a coarse grade, with coarse paper wrapping. But it answers well its purpose. The market, of course, is abundantly supplied with cigarettes containing high-grade tobacco in the best paper wrapping. It is in the cigarette form that the Mexican uses his tobacco. —Louisville Courier-Journal.

NATURAL POLITICIANS

Some of the women of New York devoted to the cause of woman suffrage announce the completion of a fund of \$100,000 for campaign purposes, and what they mean by this is that they intend to spend a great deal of money in perfectly legitimate ways to defeat the enemies of votes for women when those men are candidates for re-election.

Some express displeasure that such a policy should be adopted, but when they think it over, it is the straight-forward, honest one and the one which corresponds with the political habits of the people and every great political party is financed every campaign that it runs is paid for and usually a state or national campaign would seem hardly more than a Sunday picnic if expenses were limited to \$100,000.

It is said that the women intend to employ orators and committees which will travel from place to place expounding their doctrine to all listeners and pleading that the men who are opposed to them shall be defeated for re-election. They count on the co-operation of many men and the support of most of the women.

It is noteworthy of women who are active in some forms of club life, who belong to leagues wherein there is apt to be discussion of practical questions, to testify that life is twenty times worth the living with such interests than it is without them, and certainly if written one, it will be conceded that women have proved themselves to be natural politicians in every age.—Buffalo News.

SEVENTEEN-YEAR LOCUSTS

Reports from the West that the 17-year locusts, which due about this time have been seen in large swarms in Oklahoma, are disquieting, but should be taken merely as a warning that eternal vigilance spells safety in agriculture as in all other pursuits of life.

The greatest locust plagues of history were in Africa, Arabia and Southern Asia. The United States, however, has had its own experience with the pests. Among the more recent plagues in this country were those of 1858 and 1874, the latter enduring three years and causing widespread ruin throughout the whole country between the Mississippi river and Rocky Mountains. The Federal government appointed a commission of entomologists to investigate the habits of the insects, which are of the family of grasshoppers, and in its report the commission found that the pests bred throughout the whole plains region in the river bottoms and sunny depressions. The remedy prescribed was late and early plowing, which it was held, would destroy the eggs and young.

While the locust has been wiped out pretty generally, it is still likely to become a social nuisance at any time. This is evidenced in the appearance of the pest in Oklahoma.

PULL OUT A HAIR

The Way to Tell Whether or Not Your Hair Is Diseased.

Even if you have a luxuriant head of hair you may want to know whether it is in a healthy condition or not. Ninety-eight per cent of the people need a hair tonic. You can make a test yourself that you can see and understand, which will tell you whether your hair is healthy or not. Pull a hair out of your head; if the bulb at the end of the root is white and shrunken, it proves that the hair is diseased and requires prompt treatment; if its loss would be avoided. If the bulb is pink and full, the hair is healthy.

We want everyone whose hair requires treatment to try our Rexall "32" Hair Tonic. We promise that it will not cost anything if it does not give satisfactory results. Rexall "32" Hair Tonic is designed to overcome dandruff, relieve scalp irritation, stimulate the hair roots, fight on the hair already in the head, grow hair and eradicate baldness.

Out of 100 cases where it was given a thorough, conscientious test, it grew hair on 93 heads, which showed the sufficient proof that Rexall "32" Hair Tonic contains extraordinary remedial and hair-growing qualities. It is because of our knowledge of this preparation and our sincere faith in its goodness that we want you to try it at our risk.

Rexall "32" Hair Tonic is a clean, clear preparation which does not grease, gum or thicken the hair, and it has a very pleasant odor. We have it in two sizes, prices 50c and \$1.00. Remember, Rexall "32" Hair Tonic is sold only at The Owl Drug Co., Inc., 10th and Washington, 12th and Broadway, 16th and San Pablo.

HE WENT TO WORK AFTER SHE LEFT

But Delaney Was Reticent About it Before, Says Spouse.

While his wife was living with him, Edward M. Delaney refused to go to work, Signa V. Delaney alleged in a complaint for divorce, an interlocutory decree of which was granted last Wednesday, but immediately she left he obtained a job as a speakeasy for a snake charmer. She did not return to him and then instituted proceedings for separation.

Charles Gardner, a railway clerk declared in his complaint for divorce that Marie L. Gardner had at one time bid him goodnight with wishes that she would immediately leave him. He alleged that she did not return to him and then instituted proceedings for separation.

THOUGHT HE SHOULD GO MAD WITH ECZEMA

On Face and Scalp; Dry, Scaly, Itching and Burning. Used Cuticura Soap and Ointment and After a Few Days, Eczema Was Cured.

"I suffered from the early part of December until nearly the beginning of March with severe skin eruptions on my face and scalp. At first I treated it as a trivial matter. But after having used Cuticura soap, medicated wash, cold cream, vanishing cream, etc., I found no relief whatever. After that, I resorted to the use of Cuticura, because of its dry, scaly appearance. The itching and burning of my scalp became so intense that I thought I should go mad, having not slept a wink for weeks past only at intervals, waking up now and then because of the burning and itching of my skin. Having read different testimonials of cures by the Cuticura Remedies, I decided to purchase a box of Cuticura Ointment and a cake of Cuticura Soap. After using Cuticura Soap in all, and after a few days I was entirely free from the itching and burning. My eczema was entirely cured. All due to using Cuticura Soap and Ointment daily. Hereafter I will never be without a cake of Cuticura Soap and a box of Cuticura Ointment. I hope you will publish my letter so that others may be cured of Cuticura Remedies and be cured." (Signed) David Shaw, c/o Frymaster, Pier 55, N. R., New York City, June 2, 1910.

Cuticura Soap and Ointment sold throughout the world. Potter Drug & Chem. Corp., sole props., 139 Columbus Ave., Boston. Beware of cheap imitations of Cuticura Soap and Ointment, with 2-cp. box on skin treatment.

SECOND HUSBAND ACCUSES NO. ONE

Wife and Her Former Spouse Are Lodged in City Prison.

SAN FRANCISCO, May 26.—Caroline Fisher, an attractive nineteen-year-old girl, twice married, and, according to her story, the strange victim of the unaccountable pranks of Cupid; and Albert Campaigne, a hostler, and the first husband of the young woman, are locked up in the city prison.

Both are charged with illegal intimacy, the complainant against them being Frank Fisher, husband No. 2, against whom the girl brings a grave charge, but who seems determined to prosecute the couple. Of the accusation against her, Mrs. Fisher protests her entire innocence. The young woman and Campaigne were arrested at 1 o'clock this morning at the residence of the mother of the former, Mrs. Colvenback, 598 Pennsylvania avenue, and are being held pending the raising of bail.

DENIES CHARGE.

When Mrs. Fisher was interviewed in the prison she told the following story: "I was first married September 1, 1909, to Albert Campaigne. We lived together for two months, but he was a heavy drinker and I was finally forced to get a separation from him. I went to live with my mother and remained there until April 11, 1911, when I married Frank Fisher. How happy I was for four days! and then Fisher wanted me to enter a house of ill repute. I refused and returned to my mother. He met me and beat me, and I have already filed suit for divorce against him. I have remained with my mother and Campaigne has merely lodged in the house. It is untrue that there have been any improper relations between us."

TRIANGULAR ROW ON AT RICHMOND

Three Aggressive Factions Claim Postoffice As Their Own.

RICHMOND, May 26.—Richmond is again in trouble. Three different factions, each aggressive and determined, are strenuously striving and fighting as to whose building may be leased to the government as a post office building.

The heads of each faction claim that their own particular buildings have been slated for the honor. Members of the Point Richmond Commercial association some time ago subscribed \$10,000 with which to erect a structure for the postoffice. W. H. Moorehead has begun the erection of a new building at Eighth street and Macdonald avenue, with an addition, which he claims, he is going to lease to the postal authorities for Richmond's postoffice.

This morning the merchants and business men of Macdonald avenue formed a company and subscribed \$2,000 for the erection of a postoffice at their own particular point, which is far, far away from the site chosen by their opposing factions.

\$67,000 PAID FOR SEATS AT MEADOWBROOK MEET

CEDARHURST, N. Y., May 26.—More than \$67,000 has been expended to date for seats for those wishing to see the international polo matches beginning at Meadowbrook next week. The series of three contests for the international challenge cup between the Hurlingham four from England and the Meadowbrook defenders will begin on Wednesday. The demand for seats has surpassed all expectations and it is now certain that more than 15,000 persons will surround the field when the Britons ride against the Americans. The lower priced seats, which are limited in number, are selling at a premium of \$2.50 each.

CASE AGAINST BROKER GOES OVER TWO WEEKS

SAN JOSE, May 26.—The preliminary examination of J. M. Smith, charged with the embezzlement of funds entrusted to him by Stasia Walsh, an Alameda and Oakland resident, was begun in justice court yesterday and then postponed for two weeks.

Smith is charged with having appropriated a sum which the prosecutors say will total \$35,000, but he is charged with using but \$11,000 of the money. A decision in the Jackson Hatch case in which the Supreme Court recently held that the prosecution must prove specific thefts.

Ailments of Men Happily Overcome

SUCCESSFULLY TRIED BY MANY.

Undoubtedly the following prescription will work wonders for that great class of men who, through dissipation of their natural strength, find themselves in their "second childhood" long before the three score and ten allotted to life's pleasures and enjoyments are reached. It is prescribed to be infallible, and highly efficient in quickly restoring in "nervous exhaustion" the vigor, vitality, melancholia and the functions.

First get fifty cents' worth of compound fluid extract in a one-ounce package and three ounces syrup sarsaparilla compound; take home mix and let stand two days; then add one ounce compound essence cardiol and one ounce tincture cadomene (cadomene is cadomene). Mix all in a six or eight ounce bottle, shake well, and take one teaspoonful after each meal and one when retiring, followed by a drink of water.

By mixing it at home no man need be the victim as to another's shortscomings, and expensive fees are avoided.

Lack of pulse and equilibrium in men is a constant source of embarrassment, even when the public least suspects it. For the benefit of those who want a restoration to full, bounding health, and all the happiness accompanying it, the above home treatment is given. It contains no opiates or habit-forming drugs whatever. Mix it at home and no one will be the wiser as to your affliction.

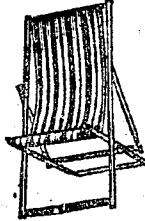

Free Pattern Day Wednesday, May 31st. We will give Oakland women a free house dress pattern for Children, Misses or Women, Ladies' Home Journal Patterns.

MYSTERY OF SEA DISASTER CLEARED

No Lives Lost When Schooner J. D. Mills Rams Agonaise.

HALIFAX, N. S., May 26.—The mystery of a collision in the fog off the Newfoundland coast, in which one schooner was known to have been lost, has been cleared up with the arrival here of the crew of the schooner J. D. Mills of Lennox.

The Mills rammed the French schooner Agonaise off Entry Island early in the week. Both vessels after the impact vanished from sight, and both crews reached isolated islands of the Magdalen group.

The loss of the Agonaise was previously reported, but until the crew of the Mills arrived, the fate of the second craft was unknown.

No lives were lost.

PAUL REVERE HOMESTEAD DAMAGED.

BOSTON, May 26.—An old powder mill in Sharon, built in Revolutionary days, was destroyed in the homestead of Paul Revere was badly damaged by fire. In addition two factory buildings occupied by the Plymouth Rubber Company were destroyed and several houses slightly damaged.

CITY TO CARE FOR LEPROUS CHINESE

Lee Tung Will Be Isolated From Public in Pittsburg Hospital.

PITTSBURG, Pa., May 26.—Lee Tung, the local Chinese who is suffering from tubercular leprosy, was taken to the Municipal hospital yesterday, where he will live the rest of his life isolated from the public.

The Chinaman's face is badly swollen and ugly blotches mark his wrists and forearms. He contracted the disease eight years ago while on a visit to China.

Dr. E. A. Booth, the city physician, says that the leper will probably live for four or five years. In the meantime, the city will have to provide a home for him. During the warm weather he will live in a tent on the hospital grounds, but before winter sets in a house of some sort will have to be built especially for the afflicted Chinaman.

IMPERIAL COUNCIL DEFEATED.

LONDON, May 26.—The imperial conference, which is holding sessions at the British foreign office turned down yesterday, after a debate lasting two days, the proposal of Sir Joseph Ward, premier of New Zealand, favoring the constitution of an imperial council of state.

GREATEST AUTO RACE IN HISTORY

Tryouts for the Memorial Day Contests Attract Large Number of Cars.

INDIANAPOLIS, May 26.—More racing cars than ever before were assembled on a track made the Indianapolis speedway resound with the explosive roar of their unmuffled exhausts this morning as they were turned up for the elimination trials for the Memorial Day 500-mile race, the greatest contests in the history of the automobile.

Officials of the course expected that the tests of the speed of the forty-six cars entered in the race would occupy the greater part of the day. Each of the cars must show a speed of 75 miles an hour or withdraw from the race.

The test was to be made with a flying start on the last quarter mile of the homestretch of the speedway. To qualify each car must make the quarter mile in 12 seconds. The drivers had little fear that any of the cars would fail to meet the test.

Louis Strang, driving a Case car, was the first man to qualify in the preliminary trials. He made the quarter mile in 12 seconds. Strang got away shortly after 10 o'clock. He was closely followed by Joe Jagersburg, and William Jones, also driving Case machines. Both qualified. No time was given.

ELKINS FORTUNE FOUR MILLIONS

Virginia Senator Displayed His Preference for Stocks and Bonds for Investment.

ELKINS, W. Va., May 26.—The report of the appraisers of the late Senator S. R. Elkins' will, entered on file at County Clerk Rowan's office, shows that the senator's actual wealth was \$4,025,109.04, which is divided as follows: Money in bank at time of death, \$117,357.64; stock value in fifty-four corporations, \$2,932,298.90. He had a bond payable in nine corporations of \$753,900. He had \$12,370 in miscellaneous investments. Bills receivable, \$48,035; home property appraised at \$84,000; real estate, including timber lands, appraised at \$117,147.50.

His heaviest holdings were in the coal and coke rail and the Morgantown and Kingwood railway.

ADMITS THEFT, BUT ESCAPES TERM.

ST. LOUIS, May 26.—William Garren, former manager of a local theater, pleaded guilty to charges of embezzling \$22,000 of the theater's funds and was sentenced to five years' imprisonment. Garren was paroled, so that he will not have to serve his time in prison.

CORNER IN CHINESE LOANS NOW COMPLETE

PEKING, May 26.—Willard D. Straight, representative of the American financial syndicate, which, with the British, French and German bankers, will participate equally in the currency reform and the Hukwang railroad loans, one of \$50,000,000 and the other of \$30,000,000, with an arrangement for a national \$20,000,000 if needed, left the Chinese capital today for New York by way of Siberia.

The full texts of both agreements, which were published today, contain no evidence of the reported corner in loans or concessions by the quadruple of bankers, though its position is pre-eminent. Nevertheless, foreign bankers here think that China probably will conciliate the Russo-Belgian syndicate with the next loan.

"MERCHANT OF VENICE"
BARRED BY SCHOOL

NEW BRITAIN, Conn., May 26.—On the ground that the character of Shylock is in effect a reflection on the Jewish race, the play "The Merchant of Venice," which was to have been given in connection with the graduation exercises of the Central high school, has been barred at the request of the Hebrew pupils. There was one scholar, however, who did not object, although he is of Jewish parentage and was to have taken the part of Shylock.

LEAVES DRY DOCK.
NEW YORK, May 26.—The steamer Princess Irene, which ran ashore on a Fire Island sandbar, April 12 last, and had to have her 1700 or more passengers taken off by lifeboats and tugs, was tied up at her dock here today after a term in dry dock at Newport News. The steamer will leave tomorrow for Mediterranean ports.

Don't Be
Deceived by False
Symptoms

Indications of Disturbed Digestion
Are Often Mistaken for Other
Disorders and Cause Un-
necessary Alarm.

caused by stomach trouble and when this is righted the alarming symptoms disappear. If you have them look to the condition of your stomach for the cause before you start to treat the symptoms rather than the disease.

If the sufferer from any form of stomach trouble is pale and the blood thin, the first step towards restoring the activity of the stomach is to improve the condition of the blood. A supply of rich, well-oxygenated blood is necessary to the processes of digestion and with it, if errors in diet are avoided, nature will work a cure. This is known as the tonic treatment for indigestion and its success is illustrated by the following cure:

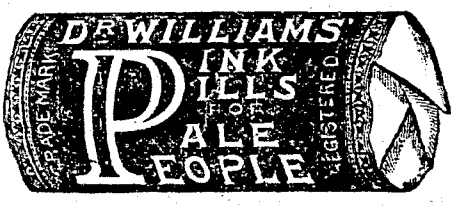

Mr. L. G. Coffin, of No. 27 North Mora street, Arleta, a suburb of Portland, Ore., says: "In the fall of 1905 I began to have stomach trouble, which gradually grew worse until I was not able to work steadily. I wasn't well for the following three years, and for three months was unable to do any work at all. I didn't have any appetite, and my stomach hurt me all the time. It was sour, and gas constantly forming on it. I was troubled with constipation and often had sick headaches. I was greatly run down in flesh and strength.

"I was treated by two doctors, but neither did me any good. They pronounced my trouble catarrh of the stomach and said I needed rest. I don't believe they knew what ailed me. Finally I began taking Dr. Williams' Pink Pills for Pale People, a medicine which had been used in our family for a number of years. I felt good effects from their use right away and continued them until cured. I am able to work every day now and feel much better every way."

Dr. Williams' Pink Pills for Pale People are a general tonic and have cured such blood and nerve diseases as anaemia, rheumatism, after-effects of the grip and fevers, sciatica, neuralgia, sick headaches, St. Vitus' dance and other troubles. They cure stomach trouble by building up the blood so that it can nourish and strengthen the weakened digestive system. Hundreds of cures in most severe cases entitle this treatment to a thorough trial.

A copy of our diet book, "What to Eat and How to Eat," will be sent free on request to anyone interested.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent postpaid, on receipt of price, 50 cents per box; six boxes, \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

FIRST CONGREGATIONAL
CHURCH PLANS PICNIC

The annual outing of the First Congregational Church Sunday School will be held next Saturday at Golden Gate Park, San Francisco. The park commissioners have given reserved grounds near the Children's building and free merry-go-round and donkey rides and goat carts to the little folks. The nursery, with attendant, will also be at the disposal of the mothers.

Members will take the Creek Road ferry at 9 a. m. and Haight street cars (No. 7) to the park. Refreshments will be provided for the basket lunches. Baseball will be played at 2:30 o'clock between the men's choir and Cadet Corps.

ALLEGED BLACK HANDERS
CAUGHT RED-HANDED

NEW YORK, May 26.—Two alleged writers of black hand letters are under arrest here today after a thrilling night chase and revolver duel between them and pursuing detectives. The detectives say they caught the men red-handed. Their arrest was planned when Angelo Spataro, a grocer, received a black hand letter demanding \$2000 on penalty of death. He followed the instructions given in the letter and met the men with marked bills on a bridge over the Harlem river. When he passed the money brought the detectives on the run.

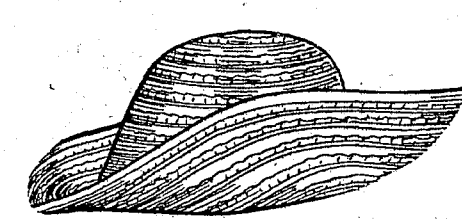

ELTON PROVES TO COURT
LACK OF FRAUD INTENT

PORTLAND, Ore., March 26.—Charles S. Elton, arrested in this city in connection with alleged fraudulent real estate transactions, was released when he appeared before the municipal court here. Elton showed to the satisfaction of the court that both the pieces of property he gave deeds to, the one said to have been located in Oregon City, also that located in Milton, Cal., had been tolsted on him by misrepresentation and that he believed he was giving good title to the property as represented in both deeds, to Elmer Shaw, a local real estate dealer.

Why Society Women
Have Pretty Faces

"How often so many of us admire the beautiful complexion of society women and wonder why," writes Mae Martyn, authority on beauty matters, in the Boston Post. "The good looks and pretty faces are generally the result of the greatest care and precaution in using beautifying preparations. 'The day is passed when powder finds favor with the knowing ones. It has been found to clog up the pores and cause rough, sallow complexions. If instead of powder women generally would use a simple, inexpensive lotion made by dissolving four ounces spumax in one-half pint hot water with two teaspoonfuls glycerine added, the matter of beautiful, charming faces would soon come to be a common thing. 'This lotion clears and beautifies the skin as no other preparation will. It does not show like powder or rub off so easily, and for taking away that shiny, oily, sallow look is unequalled."

AVIATION RECORD
IS AGAIN BROKEN

FOITIERS, France, May 26.—Lieutenant Maynard, who is making a tour of France in a new army aeroplane with a passenger, arrived here this afternoon from Mournelon. The distance is 600 kilometers (373 miles) and the flight occupied nine hours and fifteen minutes. This beats all records with passengers for distance and duration.

15 NAVAL OFFICERS

WASHINGTON, May 26.—A board of admirals was today appointed to discharge the disagreeable duty of selecting a number of naval officers to be retired in order to cause a proper flow of promotion.

HENWOOD TO CLAIM
HE SHOT IN DEFENSE

DENVER, May 26.—Preparations for the legal battle in prospect as an outgrowth of the shooting in the Brown Palace Hotel, Wednesday night, resulting in the death of S. L. (Tony) Von Phul of St. Louis and the wounding of George E. Copeland of Victor and J. W. Atkinson of Colorado Springs, were practically at a standstill today pending the outcome of the coroner's inquest this afternoon. Harold E. Henwood, in jail charged with the shooting, has refused interviewers further information regarding the causes that led to the clash. However, Henwood's attorney has announced that a plea of self-defense will be made, based on the claim that Von Phul had previously drawn a pistol on Henwood.

RIVER ENDS PICNIC

FRESNO, May 26.—The hot sun of the early part of the week is having its effect on the water of the San Joaquin river, which rose very rapidly this morning. A joint picnic from the Kerman and Barstow school districts was being held in the bottom lands west of Herndon on the San Joaquin when the rapidly rising stream compelled a sudden desertion of the picnic grounds.

Out today New Victor Records for June

A superb list of musical numbers with four announcements of unusual interest.

Alma Gluck

now sings for the Victor

The latest addition to the galaxy of famous opera singers who make records exclusively for the Victor. Her lovely, even, sympathetic voice is heard at its best in the two records just issued.

Two superb records by Mario Sammarco

Perfect specimens of Sammarco's singing. All the roundness of tone, the volume, the admirable phrasing and technique for which the baritone is celebrated are reproduced to perfection.

Vessella's Italian Band

plays three splendid selections

This dashing director with his famous band of soloists is one of Atlantic City's big attractions. His control over his band is remarkable—such precision and shading being quite unusual.

Lucia Sextette at a popular price

A magnificent record of this universally admired, concerted number, at the extremely low price of \$1.25. Sung by the Victor Opera Sextette—the pick of the Victor's competent vocal staff.

Hear these records at any Victor dealer's, and ask him for a June supplement which contains a complete list of new single and double-faced records, with a detailed description of each.

And be sure to hear the Victor-Victrola

Victor Talking Machine Co., Camden, N. J.

Always use Victor Records, played with Victor Needles—there is no other way to get the unequalled Victor tone.

STRIKE THREATENED BY VANCOUVER UNIONS

VANCOUVER, B. C., May 26.—The executive committee of the Trades and Labor Council, the Building Trades Council and the Business Agents' Board last night adopted a resolution for the calling of a general strike June 5 to compel the Master Builders' Association to make terms with their employees, who have been on strike for a month. The recommendations contained in the resolutions will be placed before the Trades and Labor Council tonight, when final action will be taken.

PETALUMA SUNDAY LID GOES OFF WITH POP

PETALUMA, May 26.—The saloons of this city will be permitted to remain open on Sunday in the future, the recently elected board of trustees having decided to repeal the ordinance closing them on the Sabbath. While the trustees have permitted the saloons to again open on Sunday they have eliminated all side entrances, abolished back rooms where women and girls were frequently served with liquor, done away with family entrances and prohibited minors under 18 years of age to lounge about the places.

S.S.S. A REAL CURE FOR RHEUMATISM

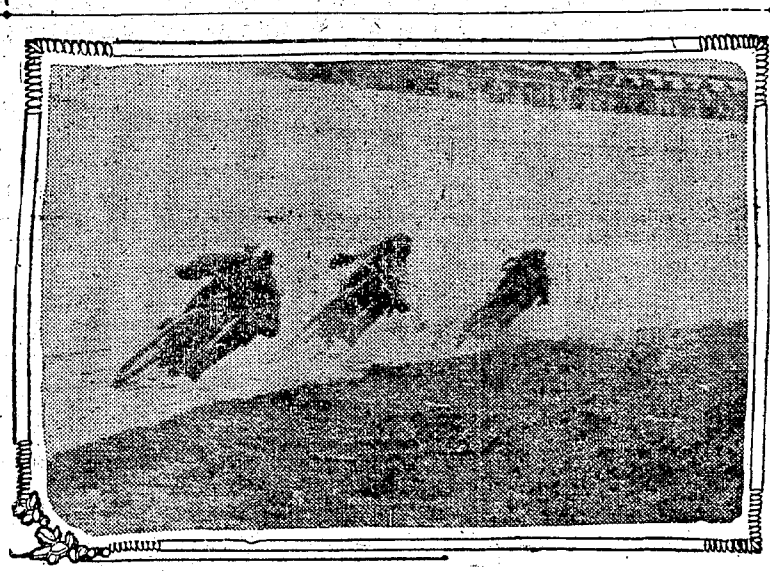

So simple a thing as cloths dipped in hot water and applied to an aching joint, will often temporarily relieve the acute pains of Rheumatism. But everyone knows that such treatment would never permanently cure the trouble.

The usual cause of Rheumatism comes from weak kidneys, constipation, indigestion, etc., forming impure accumulations in the system. These sour and ferment, causing uric acid, which is absorbed from the stomach and intestines into the blood. This causes a partial fermentation of the circulation, which changes it from a thick, rich fluid to a thin, scrid stream, depositing inflammatory matter into the muscles, nerves, and joints. The longer the blood is allowed to remain in this impure condition the more severe will Rheumatism become. Gradually the muscles harden and lose their elasticity, the joints begin to stiffen, and frequently calcareous deposits form knots at the finger joints.

There is just one way to CURE Rheumatism, and that is to cleanse the blood of the uric acid poison. S. S. S., by removing every particle of the cause and PURIFYING the blood, cures Rheumatism permanently. S. S. S. eliminates the uric acid because it is the greatest of all blood purifiers. It filters out every trace of the sour, inflammatory matter, cools the acid-heated blood, furnishes the material for multiplying the rich, nutritious corpuscles of the circulation, and by its fine tonic effects assists the system to rapidly overcome the effects of the disease. Special book on Rheumatism and medical advice free. S. S. S. is for sale at drug stores.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

LONG WHIR OF EXCITEMENT PLANNED FOR MOTORDROME

BALKE, GRAVES and SEYMOUR, going 85 miles an hour on motordrome track.

There will be a variety of sport at the Motordrome on Decoration day that should certainly please the most exacting of holiday pleasure seekers. The track, which a new one and has never been really tested as to speed was built under plans that experts claim make it the fastest track in the world.

But even if there was not going to be, as there is assured, some of the fastest racing ever seen on the Pacific coast the list of events, which Manager Martland has arranged for the race meet of the Automobile Dealers' association, would provide one of the afternoon's entertainment that could be imagined.

The fifty mile race for all cars is, perhaps, the one in which the public is taking the greatest interest. The sight of a board track will offer fifty miles of fast action such as a road race cannot equal.

EXCITEMENT FAST.

Every moment of the contest can be plainly viewed and even the slowest of the cars on this half mile track will pass the spectator every thirty seconds. This provides a continual whirl of excitement.

The Sunset, Cutting, Maxwell, Ford, Rambler, Buick and Velle are among the machines that have already entered for this event. There will be so many machines in this event that the capacity of the track will be taxed.

IDEAL EVENT.

The light racing event for a distance of fifteen miles for cars with a cylinder displacement of 300 cubic inches and less is the ideal event of the meet when the qualities of the track are considered. The board circle will enable these light cars to attain a speed that has been impossible for them in the road contests where the higher power racing machines shine.

The two stock events for cars with regular catalogue equipment will be organized as the dealers are all interested in these. There will be plenty of speed displayed even if only for five miles and variety will be furnished.

The greatest speed of the meet will be furnished by the fifteen mile professional motorcycle event. The track is built for a speed of better than 100 miles an hour and has been ridden at a 20 mile speed.

RELATIVES DENIED SHARE IN ESTATE

Olographic Will of the Late
Alex. McManus Leaves
All to Woman.

With the filing of an olographic will of less than 20 words late yesterday afternoon, Miss L. A. Griffith, 124 Goss street asked to be appointed executrix of the estate of the late Alexander McManus who died leaving property valued at \$3900. The will reads as follows:

"If anything should happen all I own goes to Miss L. A. Griffith, 1824 Goss street; my relatives nothing."

McManus has a brother and a sister living in Ireland according to Miss Griffith. As no will had been found at the time of his death Public Administrator McManus had commenced proceedings in the matter which are now interrupted by the filing of a will.

60 P-A-U-E CARS TO BE USED HERE

Oakland Traction Company to
Inaugurate Service in
Month.

Sixty pay-as-you-enter cars will be put into service by the Oakland Traction company within the next month. The new cars, which will resemble those being used by the United Railroads in San Francisco, are on their way to Oakland from the car shops in St. Louis, and are expected here within three or four weeks.

They will be put into service on the various lines immediately upon their arrival.

No announcement has been made as to which lines the cars will be put into service, but it is likely that the new models will be run on the Telegraph and San Pablo, Alameda, Piedmont and Oakland avenue lines. These are the longest lines in the city, and carry vast crowds daily. Several of the new cars will be put on the lines which run out to the fast growing district north of East Fourteenth street.

BERKELEY MAN ASKS PART OF BIG ESTATE

BOSTON, May 26.—Henry Haviland Wright of Berkeley, Cal., is among the ten heirs of Henry Haviland of Boston and New York who are fighting today courts here for a share of the fortune of his alleged widow.

The fortune, which is said to be large, has been enjoyed by Mary Haviland's heirs alone, on the belief that she is a widow. It is now alleged that she married Henry Haviland, her cousin, but they separated shortly after the marriage, and she signed herself as widow, although her husband was living in New York long after her death, according to claims of his heirs.

The trustees, to straighten the tangle, have brought suit against the woman's heirs.

ALASKAN ROAD TO BE EXTENDED 60 MILES

CORDOVA, Alaska, May 26.—Officials of the Copper River and North Fork River Road, announced today that preliminary surveys will be made at once for an extension to the White river country. The proposed extension will leave the main line at mile 191 and will be sixty miles long. It will enter mining district that is rapidly being developed.

SAYS BAND OF MEN BEAT UP BROTHER

John Thompson, 39 years old, a teamster living at 920 N. Pablo avenue, was taken to the Receiving hospital at an early hour this morning by his brother, who said John had been attacked and beaten by a company of men on the corner of San Pablo avenue and Fifteenth street.

BONFIRE CAUSES PAINFUL BURNS

Woman's Clothing Ignites and
Flames Envelop Her From
Head to Foot.

Mrs. Hannah Enderland, 62 years old, of 768 Nineteenth street, was severely burned about the body and on her arms this morning shortly after 5 o'clock while tending a bonfire in the back yard of her home. Mrs. Enderland had just finished packing her household goods preparatory to moving to Sakersfield where she was to join her son.

Everything was ready for her departure when she decided to get rid of a pile of rubbish that had accumulated as a result of her house-cleaning and packing of furniture. It was while lighting the fire that the flames caught her apron and immediately enveloped her attire. Neighbors summoned by the woman's screams rushed to her assistance but they were not soon enough to prevent her from being seriously burned. The police were summoned and Mrs. Enderland was removed to the Receiving hospital where her injuries were treated by Dr. W. H. Rice and Stewart Travels. She will recover. Her son has been notified and is expected here today.

RULES PRESIDENTIAL PARDON EVERLASTING

LOS ANGELES, May 26.—As a result of a ruling today by United States Judge Welborn, that a presidential pardon is without limitation, Orlando P. Altorre will testify for the government in the trial now on of Attorney Fred H. Thompson, charged with having obtained from Altorre \$15,000 stolen from the Los Angeles postoffice, with foreknowledge that it was stolen. It was argued for the defense that the clause of the federal constitution relating to the pardoning power followed the law of England, barring forever the testimony of a perjurer in a court of record.

LUMBERMEN WANT NO TARIFF REDUCTION

CHICAGO, May 26.—Resolutions protesting against any reduction in the lumber tariff, against the proposed reciprocity agreement with Canada and favoring a ship subsidy, were adopted by the National Lumber Manufacturers' Association today.

The following officers were elected. President, Everett G. Briggs, Tacoma, Wash.; secretary, George K. Smith, St. Louis.

Former President Edward Hines was made a member of the board of governors.

For the Thin and Bloodless!

The thin and bloodless with pale cheeks, white lips and frail anguished physique, of this community, have been much interested in the reports of physicians and others concerning the effectiveness of the treatment for increasing the red and white corpuscles of the blood, thus adding color and weight with its accompanying vigor to the depleted system. A gain of from ten to thirty pounds is not at all unusual where the treatment is regularly used for several months. The color returns, the appetite improves, the system is almost from the beginning. Most good apothecaries supply it in the form of three-grain hypo-phosphate tablets, put up in sealed packages, with directions for home use. Its action aids assimilation and absorption of the food eaten very promptly.

Great excitement prevails here. The mine is only three miles from this city.

PAY HIGH FOR APRICOTS.

SACRAMENTO, May 26.—The shipment of apricots to the eastern markets has started, the California fruit exchange here having sent out about fifty crates of cots from orchards around Winters and Vacaville. Beginning next week from 25 to 50 crates a day will be shipped. The prices are the best ever realized on California apricots, the eastern markets having offered \$3 for 26-pound boxes.

TOWN IN PANIC WHEN FIVE METEORS FALL

DOYLE, Cal., May 26.—Citizens here were routed from bed at midnight and terrorized by a sizzling noise, an incandescent flare and thunderous crash accompanying the passage of five meteors westward, which struck Tule mountain, thirty miles distant, with terrific impact. The sound of the blow was heard for miles, echoes reverberating five minutes, while the shock made the ground tremble, as if from an earthquake.
Residents of Loyaltown, miles away, saw the flame and heard the noise, attributing them to fire.

SENATE FIXES DATE FOR DIRECT ELECTION VOTE

WASHINGTON, May 26.—The Senate fixed June 12 as the date for a final vote on the constitutional amendment providing for the election of United States senators by popular vote.
Senator Borah, by threatening to keep the matter constantly before the Senate, succeeded late yesterday in getting unanimous consent for a vote on the day named. The Bristow substitute will be disposed of first under the agreement.

GROVER KILLED BY CAR.

**COMMITTEE NEEDS
 A LIVE BUSINESS
 AGENT**

Will Look After Interests of the Local Manufacturing Firms.

CONNECTED WITH THE CHAMBER OF COMMERCE

The Appointment Was Decided Upon at Largely Attended Meeting.

The manufacturers' and producers' committee of the Chamber of Commerce held a large meeting last night at which many of the prominent business men of the city were present.

It is the plan of the body to appoint a regular secretary or business agent to look after the interests of the local manufacturing and producing firms and a committee was appointed for that purpose some time ago. Incidentally the organization is carrying on a vigorous campaign to increase its membership, which is meeting with success. R. J. Sadler, chairman of the special committee, reported that a number of firms in the city had gone on record as approving the plan for a business agent and had signified their willingness to pay their share in the expense. The formal report says, in part:

MUST BE EDUCATED.

"We must educate the manufacturers and producers of this section to the necessity for co-operation if we are to hold our own against outside interests. We must make them see the advantages of a 'get-together' spirit and make Oakland concerns understand our aims. We have sent out letters to all the manufacturers and producers of the vicinity and have received satisfactory replies from many and subscriptions in advance from some."

Following are the concerns that have lined up with the movement for the benefit of the city's interests: Pacific Rattan Company, United Iron Works, E. K. Wood, American Rubber Mfg. Company, Burnham Standard Company, B. J. McDonald, Oakland, Calif., Cahn, Nickelburg & Company, California Bedding and Upholstering Company, Grayson-Owen Company, M. L. Hadley, D. J. Hanlon & Company, Howard Company, Hunt Bros. Company, Hunter Lumber Company, Judson Mfg. Company, George McDonald, Oakland, Calif., and Door Company, Oakland Warehouse Company, Pacific Coast Borax Company, Pacific Spring Bed Company, Phoenix Iron Works, L. C. Sheldon, Standard Underground Cable Company, Sterling Showcase Mfg. Company, Sunset Smelting and Refining Company, The Farthing Furniture Company, United Engineering Works, Van Emon Elevator Company, Western Fuel Company and R. S. Young Supply Company.

CALIFORNIA-MADE CARS.

The California Motor Car Company was enrolled as a member of the manufacturers' and producers' committee. E. J. Schuman, vice-president and general manager, was present and announced that his firm would be ready to turn out automobiles suitable for local conditions and fit to compete with any make on the market within ninety days. The new enterprise has located on High street, near the Southern Pacific tracks.

The gathering was held in the committee rooms of the Chamber of Commerce, and was presided over by the chairman, C. M. Wood. The nomination of a new set of officers will take place on Wednesday, June 14th.

**WANT TO CHANGE
 NAME OF STREET**

Would Alter Title of Seminary Avenue to Mills College Avenue.

Petition to change the name of Seminary avenue to Mills College avenue, in honor of Mrs. Mills, the founder of the college, and to more appropriately designate the highway, was filed this morning with City Clerk Frank E. Thompson. The petition will be read before the City Council Monday night and be referred to the street committee for consideration. It is as follows:

To the Honorable the City Council of Oakland:

The undersigned, owners of land fronting upon Seminary avenue, in what was formerly Brooklyn Township, Alameda county, and owning the number of feet frontage on said avenue set opposite our respective signatures, do hereby petition your honorable body to change the name of the street or county road commonly called Seminary avenue to Mills College avenue.

MILLS COLLEGE (a Corporation). By WARREN OLNEY (Secretary), owning 3219 feet.

**LOVE AFFAIR LEADS
 TO DOUBLE KILLING**

CLAYTON, Ind., May 26.—Harvey Moon, aged 41, shot and killed today Oliver Wilhoit, 49 years of age, a constable, then walked to the home of George Baldock, a quarter of a mile away, and killed Mrs. Baldock, a cousin of Moon.

Trouble over a business transaction and bad feeling aroused by a love affair of long standing is said to have caused the shooting. Moon was arrested.

**CLAY AT 14TH AND 15TH.
 OAKLAND**

MRS. CHARLES WHEELER, of Portland, who, before her marriage two years ago was Miss Hilda McElrath, a local society belle, arrived in this city yesterday and is visiting at the family home on Dover street. This is Mrs. Wheeler's first visit since her marriage and she is being welcomed home by her host of friends.

On Monday Miss Ruth Hall will entertain for her at an informal afternoon at the home of her parents, Judge and Mrs. S. P. Hall. On the following day her sisters, Miss Phoebe, Miss Catherine and Miss Ann McElrath, will give an "at home" for her, when a large number of her friends in local society will greet her.

TO GIVE LARGE TEA.

Mrs. William A. Barbour's beautiful home in the Piedmont hills will be the scene of a large tea on the last day of this month, when over 200 local folk will call during the afternoon.

The motif for the affair is Miss Marie Schall, a niece of the hostess, who is visiting here from her home in Quincy. The affair will be very smartly appointed and attended by prominent folk from all the bay towns.

TO SPEND VACATION HERE.

Miss Corona Williams, who has been attending Vassar College, will spend the summer in California with her parents, Mr. and Mrs. Harry Alston Williams. Miss Williams will graduate next year and will make her debut in society the following year.

AT SAG HARBOR.

The Frank Havens will leave early in June for their summer home in Sag Harbor. Among those who will make up their party are Mr. and Mrs. Sterling, Mr. and Mrs. Wickham, Mr. and Mrs. Edward Engs and their children, Mr. and Mrs. Richard Partington, Harold Havens and Seyd Havens. Every year the Havens go East, and usually entertain many of their California friends during the season. Mrs. Havens takes much pleasure in entertaining during the summer.

RETURNS HOME.

Miss Florence Sloper has returned from a visit to Sacramento.

ENGAGEMENT IS TOLD.

Miss Edith Rickley, daughter of John W. Rickley, and Herbert Lincoln Breed have announced their engagement and the news is being received with much surprise by their wide circle of friends. Miss Rickley is a University of California graduate and has taken an active part in the California branch of the collegiate alumnae. Mr. Breed took his degree from the University of California also. He is a brother of A. H. Breed and is practicing law in this city.

INFORMAL EVENING.

Mr. and Mrs. Fred Schiesinger will give an informal evening next Tuesday when they will entertain their friends, the occasion being the celebration of their twenty-fifth anniversary.

Dancing and music will be the offered pleasures of the evening. On Sunday afternoon, May 28, they will give a reception at their home on Harper street in Berkeley.

ANNOUNCE ENGAGEMENT.

The engagement of Miss Grace Anne Renner and Gerald James Brooks was announced yesterday at a bridge party given by Miss Renner at her home in Alameda.

Forty friends were asked to spend the afternoon and the secret was told by means of notes attached to miniature flower pots in which ices were served.

The house decorations were La France roses, yellow lilies and asparagus fern.

Assisting the hostess were Miss

delightful affairs are being planned in her honor.

The house was prettily decorated. The afternoon was spent in music and the playing of whist. Those present were: Mrs. F. Jochem, Mrs. W. Long, Mrs. A. Glasson, Mrs. T. Benett, Mrs. Wm. Heyer, Mrs. A. Cornell, Mrs. Wm. Breckenfelder, Miss Freda Jochem, Miss Hazel Jochem, Miss Evelyn Long, Miss Hazel Cornell, Miss Helen Heyer, Miss Ida Breckenfelder, Miss Wm. Breckenfelder, Miss Adabel Glasson and Miss A. Benett.

AT EBBEL CLUB.

An elaborate luncheon took place yesterday afternoon at the Ebbel Club, in which all the curators, the directors and a few of the members participated. A great basket of Cecil Bruner roses adorned the center of the large round table, while smaller baskets, filled with the dainty roses, adorned the place of each guest. About twenty-five gathered about the daintily appointed table. Mrs. Charles Woodbury presided as toastmistress, and among the curators who participated in the witty responses were Miss Antoinette Wilkinson, Mme. Le F. Hopper, Mrs. C. W. Kinsey, Mrs. L. R. Cockcroft, Mrs. A. C. Posey, Mrs. F. B. Ogden, Mrs. Albert Smith, Mrs. G. W. Child and Mrs. S. C. Borland.

Miss Renner is the youngest daughter of Mr. and Mrs. George Renner. Brooks is the son of Mr. and Mrs. J. H. Brooks of San Antonio avenue, this city. The wedding will take place in the fall.

TEA YESTERDAY.

Mrs. M. A. Bates gave an enjoyable tea yesterday at her Vernon Heights home, the proceeds of which were devoted to the foreign mission fund of the First Presbyterian church. About seventy guests were offered the pleasures of the church and neighborhood. Mrs. Bates was assisted in receiving by her daughters, Mrs. Herbert Lee and Miss Ada Bates. "An excellent musical program was offered the guests. Mrs. Herbert Lee rendered a group of songs, as did also Miss Jessie Murray, soloist of St. Paul's Episcopal church. Lowell Langstroth contributed to the pleasure of the guests by some fine cello solos, and Mrs. Frank Pomeroy was accompanist.

MAYFAIR BLOCKED THOROUGHFARE.

Captain Keegan's Ship Runs Aground and Stops Traffic in the Estuary.

The Mayfair, with a cargo of lumber from Columbia river, part of which had been unloaded at the Panama Lumber company's wharf, on the Alameda side of the estuary, ran on the mud bar off the Southern Pacific slip at the foot of Broadway early yesterday afternoon and caused the ferry service to be delayed for a considerable time. Captain Keegan finally called upon the tug Dixie, of the Oakland Launch & Tugboat company, to pull him off. The rest of the lumber was unloaded at Long wharf.

The passenger and freight steamer Watson, one of the Alaska Steamship company's fleet which lost a portion of its anchor and steered way while on the way from Puget Sound to San Francisco, will be repaired at the United Engineering Works. A number of shipbuilding firms made bids for the job, which will entail considerable work. The harbor commission barge which has been under repairs at the front yard, adjoining the United Engineering plant, was launched yesterday. The three-masted schooner F. S. Redfield was towed from the Union Iron Works to the Alameda Gas Engine Works yesterday by the Dixie. It is to have new engines installed.

VESSLS TIE UP.

The National City left 350,000 feet of lumber with the Oakland Dock & Warehouse company yesterday from Fort Bragg for Oakland and Berkeley. These vessels docked at Long wharf yesterday.

The Ravelli, Captain Nelson, from Eureka, with 525,000 feet of lumber; the Arctic, Captain Linger, from Eureka, with 175,000 feet of lumber; the Whiteboro, Captain Fredericksen, from Caspar, with lumber and shingles; Del Norte, Captain Stanford, from Crescent City, with 48,000 feet of lumber; the Rosanokel, Captain Dunham, from San Pedro, loading cement for Portland; the Coronado, Cap-Zangland, loaded cement for the north; the Mayfair, from Columbia river, left 28,000 feet of lumber and shingles; the Nome City, Captain Hansen, from San Pedro, loaded ten cars of cement for Seattle; the Pasadena, Captain McGovern, from Alhambra, left 100,000 feet of lumber.

TENNIS COURTS TO BE REBUILT.

BERKELEY, May 26.—The five courts of the Berkeley Tennis Club will be rebuilt and put into the best possible shape for the summer. An effort will be made to secure some of the large state and coast tournaments this year. A tournament for club members will be held Dec. 1.

WOMEN IN THE NEWS

TWO WIVES HAPPY WITH SINGLE HUSBAND

Mrs. Ann Sharp of Oakland Would Bring No Sorrow to Rival.

Testimony Tells of Mystic-Maddened Followers of Yogi.

PITTSBURG, Kas., May 26.—Peter C. Sharp of this city and his two wives, Ann Catherine and Louisa, settled in this city yesterday and told of their plans to live together as a happy family. Ann Catherine, the first Mrs. Sharp, a resident of Oakland, Cal., returned to her husband after forty years of separation, during which each had searched the country for the other.

Mr. Sharp and Mrs. Sharp lost each other in the confusion following the Chicago fire in 1871. Through the pension rolls of the war department she found him, and came here from her home in Oakland. Nine years ago Sharp gave up the search and married again.

"If I thought my coming would hurt Louisa, I would go back to nursing the sick in Oakland," said Ann Catherine, as the three sat in the garden yesterday. "She has been a good wife and married my husband in good faith. This is her home and I shall bring her no sorrow."

Louisa held Sharp's wrinkled hand in hers. She is 50 years old, he is 83, and Ann Catherine 72. Louisa leaned across her husband's knees and patted Ann Catherine on the cheek.

"You will bring me no sorrow, my dear," she said tearfully. "There is room in the house and garden for us both. I understand it all."

Their common husband nodded toward a vacant field across the street and said: "If the women folks can't get along together I'll build another house for one of them."

Sharp married his first wife in Johnsville, N. Y., in 1870. They decided to move to California. She, with her daughter, went ahead to visit her brother in Chicago. The fire destroyed her brother's home. She, with the daughter, escaped with only the clothes they wore. The husband started in after them, but for forty years found no trace.

YOGIS MADDENED HER

ALFRED, Me., May 26.—Terrifying stories of mental torture suffered by women believers who lay all night at the Yogi shrine pleading that the powers of evil be banished from them were read at the contest of Mrs. Ole Bull's will. Some of these women were stricken with nervous prostration. Others lost their reason and were removed to hospitals for the insane. Nicolai Roberto, barber paycholo, testified that these and other rites of the Hindu priests drove Mrs. Bull insane. Another woman, Miss Sarah Jane Farmer, was sent to an asylum.

The contention is made that Mrs. Bull was in such mental state that she was incompetent when she made her will and that the document was dictated by Mrs. Noble, who is now in Calcutta, whither she has journeyed since the will contest began.

Lawyer Whipple told the court he would show that Mrs. Ole Bull Vaughn was driven from her home and her mother by the Yogis and members of other mystic cults, who poisoned Mrs. Bull's mind against her daughter.

PEACOCK AT BALL

LONDON, May 26.—Mrs. Ava Astor caused a sensation at the ball given by Lord Winterton with her impersonation of Juno.

The great ballroom at Claridge's was well filled when Mrs. Astor, clad in pink gauze, with a mantle of turquoise blue and leading a live peacock by a glided chain, swept into the room. She wore a classic crown of solid gold, carried a long trail of staff and wore sandals which showed her bare feet.

Her progress down the room was a triumph, shared by the peacock, which spread its tail proudly and seemed fully aware of the attention he was attracting.

Mrs. Bruguiere Back

NEW YORK, May 26.—Mrs. Marion A. D. Bruguiere, twice married and as often divorced and said to be again engaged, arrived on the steamer St. Paul yesterday and hurried to the Plaza Hotel with her little son. She was Miss Mabel Andrews of San Francisco, who came east and took Newport by storm with her beauty and wit. Her time was divided between Newport and Tuxedo, and in both places she was recognized as the reigning queen.

She first married Stewart Deming, whom she divorced, and married Peder Bruguiere, which bond was likewise dissolved by action of the court. She has recently been reported as engaged to marry William P. Burden, and has been quoted as both admitting and denying it. There was no doubt about it today, however, when she was asked if she was engaged to Burden. Never mind what she said, but she isn't engaged.

MAN-BIRD FLIES FROM CITY OF PARIS TO MADRID

VEDRINE IS AVIATOR KING

Frenchman in Thrilling Flight Is Winner of Paris-Madrid Contest

Scales Snow-Capped Mountains and Flirts With Death in 900-Mile Race

MADRID, May 26.—Pierre Veldrine, the French aviator, arrived at the Spanish capital from Burgos at 8:06 o'clock this morning, being the first contestant to complete the third stage of the Paris-Madrid aviation race. He covered the distance of 140 miles between Madrid and Burgos, where he landed yesterday from San Sebastian, in two hours and forty-five minutes.

Gibert and Garros are still stalled in the mountain fastnesses and it is not probable they will be able to finish within the time limit.

Veldrine, on landing at the Gelafo aerodrome, jumped from his aeroplane and flung himself on the ground to rest. A frantic crowd soon rushed up and bore the victorious aviator on their shoulders to the tribune.

SHOWED WITH KISSES.

On reaching the judges' platform he was showered with roses and kissed repeatedly by women.

Later on complaining that he was still numb from his flight, he was removed to an infirmary, where he received medical attention and short but much needed rest. On reappearing at the aerodrome the Frenchman smilingly delivered the message which he had brought with him from Paris and was congratulated on his magnificent flight by the civil governor of Madrid on behalf of King Alfonso.

Veldrine left the suburbs of Burgos in ideal weather this morning and flew over Aranda de Duero, 48 miles south of Burgos, at a good height and great speed. At Bocequillas, where the airman was greeted by a great crowd of wildly shouting peasants, Veldrine buckled down to the task of crossing the dreaded Somo Sierra Pass, which is 4900 feet high.

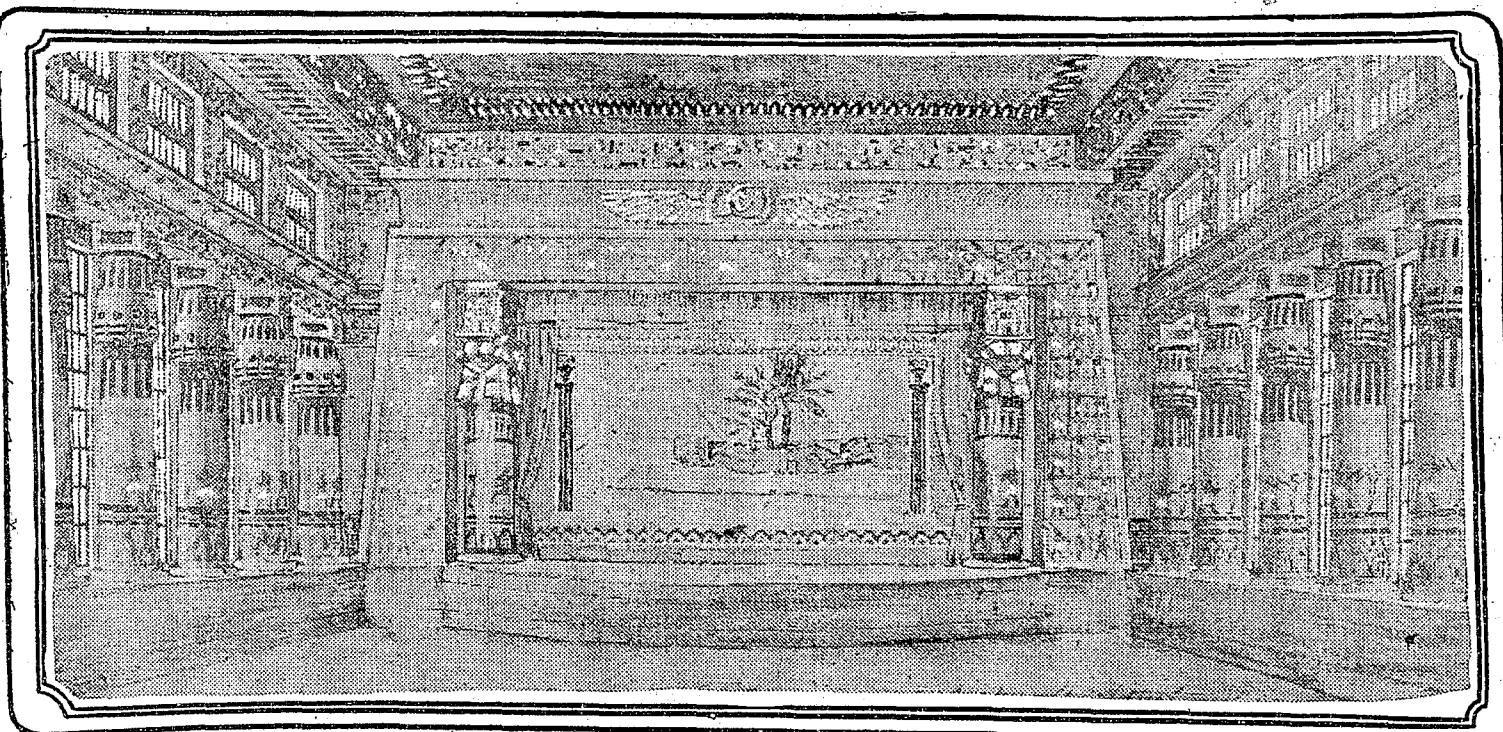

SOARS OVER MOUNTAINS.

Higher and higher he climbed until he attained an altitude of 8500 feet. The aviator then, straight as an arrow, flew over the crags and snow-capped peaks until he reached the immense plains of San Augustin.

Having left the mountain ranges behind him, Veldrine dropped closer to the earth and finally reached the aerodrome at Gelafo, where he alighted with the greatest ease, amid the plaudits of thousands of enthusiastic spectators.

The Paris-Madrid race was begun May 21 under the auspices of the Petit Parisien, which offered a prize of \$20,000. In addition the Spanish Aero club gave prizes amounting to \$10,000, and King Alfonso offered a special prize for the fastest speed over the Spanish section. The journey was divided into three stages, Paris to Angoulême, Angoulême to San Sebastian and San Sebastian to

NILE CLUB LETS CONTRACT FOR NEW EGYPTIAN HALL WING TO ITS HOME

The Egyptian Hall, a Handsome New Addition to the Nile Clubs Home, Thirteenth and Grove Streets, to Be Used As a Dining Room and Jinks Hall.

Contracts have just been let by the Nile club for the construction of a handsome new addition as well as alterations to the clubhouse at Thirteenth and Grove streets. The proposed addition is a wing for the west side of the house, which will be used as the regular dining hall and for

jinks and dances. In keeping with the name of the club, this new room will be Egyptian in architecture and will be known as the Egyptian Hall.

This hall as planned will be two stories in height and English in exterior design, to conform with the rest of the clubhouse. The interior of the room will be thoroughly Egyptian. C. W. Dickey is the architect and has drawn plans which call for a hall 38x60 feet in dimensions by 22 feet high. On three sides there will be long windows set between columns and on the fourth there will be a

stage for the club's jinks and entertainments, with a depth of 20 feet, and a proscenium arch 26 feet wide. The walls and ceiling will be covered with cast figures and hieroglyphics, giving an elaborate effect. The background will be a tan, while the figures themselves, raised above the surface, will be gaily colored. Stenciling in colors will be employed upon the ceiling. The floor of the hall will be of hardwood.

Work will probably be begun next Wednesday. As the wing will be constructed where the garden now stands President Frank Leach is arranging for the cutting of the trees by the members, with an appropriate jollification. It is estimated that the cost of the new wing and certain other minor additions and improvements to be made to the house will be in the neighborhood of \$9000, which does not include the cost of decorating the hall.

TAFT PAYS TRIBUTE TO THE WORTH OF THE JEWISH RACE

Notable Address by Head of Nation at the Meeting to Plan Monument to Haym Salomon

WASHINGTON, May 26.—At the meeting to plan a memorial to Haym Salomon, President Taft delivered an address at the Eighth street temple on the position of the Jews in America. President Taft said:

"It is a great pleasure for me to be here tonight and to hear the eloquent tribute of the orator, Dr. Peters, to what the Jew has done in American history.

"I ought first to say it is a great pleasure to be here with my friend, Congressman Sulzer. When we meet each other on the platform we are so full of good feeling toward each other that I know the audience always supposes we are on the same side politically. Somehow or other we have managed, in spite of our political differences, always to remain friends, and mutual admirers. As he comes now to the head of the foreign affairs committee of the house, that brings him a little closer to the Executive, and it is a great pleasure for me to know better a man whose open heart and earnest desire to serve his country impress themselves on everyone who knows him.

OPPOSED TO PREJUDICE.

"One of the privileges of the President of the United States is to attend, and to feel at home at, the religious services of every denomination that is fostered under the flag, no matter what his own church. It is the duty of the President of the United States, in so far as he may, to testify to his interest in every religion in order that it may be understood of all men that the absence from the Constitution of the United States of any recognition of a state church gives no right to any men to infer that the government is against the churches. On the contrary, the government is for all the churches, and it eliminates a state church in order that it may embrace all and support all and protect all without guiding or restricting any.

JEW NEEDS NO DEFENDER.

"If there was anything that I could criticize in my friend Dr. Peters' address, it was that the Jews of the United States do not need the elaborate defense that he has made. Their position in this country goes without saying—at least for one member of the Unitarian church at Cincinnati, and that church stood just opposite Dr. Wise's synagogue—just across the street, on the corner of Eighth and Plum, and occasionally we changed ministers, and we had Dr. Wise in our pulpit and our minister spoke in the synagogue across the street. As a consequence, under the influence of my father, who was the broadest man I ever knew, I came to feel that the Jews are a very important

part, as they are, of the citizenship of Cincinnati.

JEWS LEAD AT SCHOOL.

"When I attended the public schools, and was prepared for college there, I had occasion to note what Dr. Peters has commented on, that there were some young men and women with 'stein' at the end of their names who were among the first in the class. Everyone who lives in a community like that of my home city of Cincinnati knows that none of the great charities, none of the theaters, none of the societies for art, artistic development, or music, could live if it were not for the support of the Jews. I believe it to be true, as Dr. Peters says, that the Jews are not very rich, but they are all engaged in making as good a living as they can and in supporting their families as comfortably as they can, and in upholding the home and the domestic circle as the most important thing to be upheld and supported. And so it is that they are a most important part of every community.

OPPORTUNITIES SEIZED.

"It is pathetic almost to see the Jews of the East Side, who come from Russia and elsewhere, seize and enjoy and appreciate the opportunities that are given in this government for education, and I have been there to see the energy and sincerity with which they respond to every patriotic sentiment, feeling as they do gratitude to the flag under which they enjoy the educational and other privileges that this government affords.

PLEADS FOR EQUALITY.

"I believe, and I am proud of the fact, that the Jews in America enjoy an equality that they have in only a few other countries of the world. I don't mean to say that there are no racial prejudices here—I don't mean to say that there are not social clubs and other places where the small-headed men who occasionally get into a drowsy, manifest their greatness by using a hatchet and shutting out men of importance in the community; but my friends, while it is aggravating, aspersing, still it is not the worst thing that could happen. I have had it happen to friends of mine—Gentiles—who have been kept out of clubs by people who are not worthy to button their shoes and who have no standing save in clubs. It is aggravating, I agree, but a man is what he is by reason of his respect for himself, and if he knows that someone who affects to snub him and look down upon him is not worthy—if he knows that that person is not his equal, and that he is not a Jew, he will have the advantage over his small-brained and narrow-minded critics always.

JEWS IN REVOLUTION.

"I did not come here to make a speech, I came here to second the motion for a memorial to the Jews who stood by Robert Morris and financed the Revolution, the friends of Kosciuszko and of Julius, both of whom have monuments here—a man who apparently gave all he had, for he had nothing when he died—or at least there was nothing except what he ought to have collected and did not—a man who was thrown into prison as a spy under Clinton, and who escaped because he could talk ten different languages, and because somebody who had custody of him thought he would be more useful to him as a live interpreter than as a dead man. He subsequently escaped and devoted his entire time and fortune to helping along the cause of the Revolution.

PATRIOTISM OF JEWS.

"It is most interesting to read those letters to which Dr. Peters has referred, in which Madison speaks of the straitened condition in which he was while he was trying to help out the country as a member of the congress, and his constant application to his friend Salomon until he became a gnat, and so to him, because Salomon would not charge him interest. Salomon must have had a pretty heavy load to carry in looking after all those congressmen. But they were necessary to this country and he knew it. It is not the man only who wears the uniform and carries a gun or a sword, and has epaulettes that is necessary to effect a successful revolution. Money is the sinews of war and the necessity for money impresses itself as the light goes on; and you will observe that Haym Salomon was most active during these latter years when the strain grew harder in the fight, and of which people were likely, because of the long struggle, to become tired out and to lose their patriotic interest. Then it was that he negotiated those large loans; then it was that he helped his impetuous associates, and then it was that he entitled himself to the gratitude of the entire country. If there should be erected a memorial to him in Washington to testify to his disinterested self-sacrifices in behalf of his country, it would be most appropriate."

Insane Soldier Makes Escape From Presidio

Man Is Violent When Aroused and Authorities Fear He Will Do Harm

SAN FRANCISCO, May 26.—The authorities at the Presidio are extremely anxious to locate Ara D. Bush, a musician, violently insane, who broke away from his keepers and escaped on May 24. He was being held at the Presidio general hospital, and a large detail of guards sent to look for him have so far been unable to locate him.

He is 24 years old, five feet eight inches and a half tall, and weighs 140 pounds.

CLINIC UNLAWFUL SAY CLERGYMEN

Protest Against Certain Affairs They Assert Members Work Out.

SAN FRANCISCO, May 26.—That the municipal clinic is unlawful, recognizing as it does a condition of affairs forbidden by the statutes, was the consensus of the argument of three North Beach clergymen who appeared before the board of police commissioners at noon today. A committee from the North Beach Improvement Club, composed of Father Terence Caraher of St. Francis Church, Father E. C. Redahan of St. Peter and St. Paul's Church, and the Rev. E. L. Walz, together with John S. Phillips and Dr. A. Musante, appeared before the commissioners and expressed their views. Dr. Musante declared that denizens of the tenderloin should not be permitted to ride on the street cars when school children and working girls were compelled to use them, but should be confined to certain hours of the day for traveling abroad.

It was asked that the streets west of Kearny street be preserved from encroachments by tenderloin resorts and that Kearny street be kept clear throughout its entire length.

When Phillips began to speak, he mentioned that he thought the clinic was a good thing and this started a lively discussion. Commissioner Sullivan agreed with him and asserted that it was the only way to remedy the evil and was a credit to the administration.

Father Redahan immediately filed a protest and asserted that the clinic should never have been allowed to open. Father Caraher argued that the clinic was against the law, as it recognized an evil and countenanced it, although that evil was itself forbidden by the law. He declared that the men who advocated the opening of the clinic would be impeached from holding city offices.

President Sullivan thereupon stated that he knew nothing of conditions of his own knowledge, but had spoken as the result of hearsay.

Attorney Mark Anthony, who represents merchants in the tenderloin, it is said, and particularly the Menlo Club, attempted to say a word in defense, but was ruled out of order and will be given a hearing a week from today.

Chief Seymour was not at the session and his absence was considered significant.

BANDITS HOLD UP BERKELEY LAUNDRY

Masked Men Line Up Proprietor and His Six Employees.

BERKELEY, May 26.—Two masked and armed men broke into the Mikado laundry, 1743 Alcatraz avenue, at 2:30 o'clock this morning and obtained \$158 and jewelry valued at \$14 from the proprietor, Frank Machidone, and six Japanese employees.

On making their entrance through a rear apartment the highwaymen woke up the inmates in various sleeping apartments, one of the men obtaining a key with which two trunks were opened and money taken therefrom.

ACCUSED OF HAVING HAND IN LOTTERY

BERKELEY, May 26.—Arthur Meyer, a clerk at the cigar store at 2509 Shattuck avenue, and John R. Hutton in the same employment at 2280 Shattuck avenue, another cigar stand, are under arrest on a charge of selling lottery tickets and will be arraigned this afternoon before Judge Edgar.

MISS AYER DENIES DONDERO STORY

Declares She Is Not Interested
in Formation of Blind
Association.

BERKELEY, May 26.—Miss Mabel Ayer, superintendent of the San Francisco Library for the Blind, declares she is not associated with John P. Dondero, the recent organizer of a State Blind Association, which, she believes, is intended to oppose Superintendent Douglas Keith of the California Institution for the Deaf and Blind in this city.

Miss Ayer is the daughter of the late Dr. Washington Ayer, formerly professor of hygiene at the University of California and former president of the California Sunshine Society. Miss Ayer said: "Dondero is evidently opposed to Douglas Keith, superintendent of the State Institute for the Deaf, Dumb and Blind. It is his belief to represent the element that is trying to oust Superintendent Keith from office. I don't think Dondero represents the right element."

"It is foolish for disgruntled persons to oppose Keith and go against his good work, for they are only opposing their own best interests."

"I am really indignant that my name should be used to further such an organization. I do not wish to be identified with Dondero."

PEPITO ARRIOLA TO GIVE RECITAL IN COLLEGE CITY

BERKELEY, May 26.—Pepito Arriola, the boy pianist, will give a second Berkeley recital in Wilkins Hall, on Haste street, near Telegraph avenue, this evening. Arriola will be the last of the element here before leaving for Europe. The program:

1. Sonata, Op. 57 (Appassionata), Beethoven
2. Nocturne, Op. 15, No. 2, Chopin
3. Three Preludes, Op. 25, Nos. 1, 2, 3, Chopin
4. Le Coucou (1857), Claude Debussy
5. Prelude and Nocturne (left hand), Scriabin
6. "On Wings of Song", Mendelssohn-Liszt
7. Valse Caprice, Rubinstein

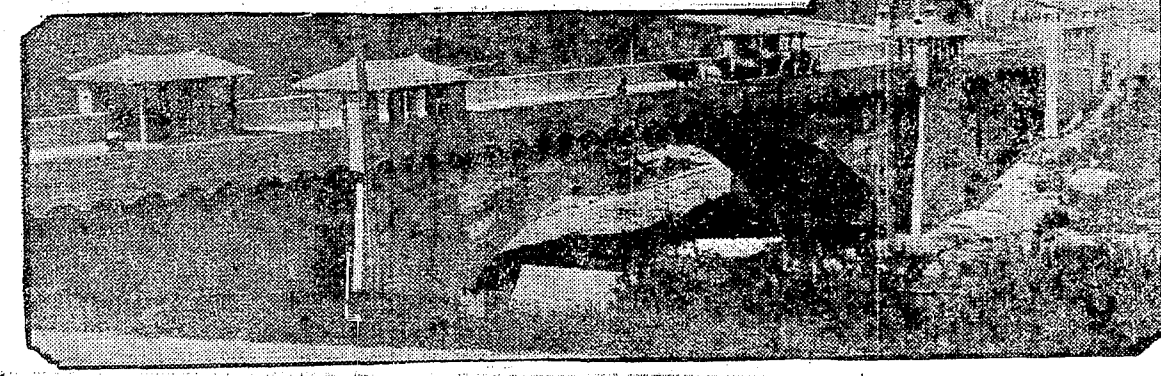

FAIL TO IDENTIFY MAN FOUND HANGED

BERKELEY, May 26.—Through the resemblance of an unknown man, who hanged himself on the university grounds yesterday, to William F. Wilson of Pittsburg, Pa., who recently applied to the Berkeley police for lodging, an erroneous fingerprint identification was made by a police sergeant yesterday. The announcement that the suicide was Wilson was corrected by the police department.

The suicide is described as being 65 years old, five feet six inches in height, and weighing about 140 pounds. He had gray hair, gray mustache, light complexion and blue eyes. He is believed to have been a laborer.

PIEDMONT BRIDGE READY STRUCTURE WORK OF ART

Handsome Span Over Boulevard
Completed at Piedmont After
Much Effort

New Piedmont Bridge On Oakland Avenue, Crossing Linda Avenue Ravine.

"A work that will live for ages and one upon which future generations as well as this may look with pride," is the term by which President Hugh Craig of the Piedmont Board of Trustees expresses his satisfaction with the recently completed structure on Oakland avenue, crossing Linda avenue ravine. After months of watchfulness on the part of Craig and his faithful board, during which time they were beset with many tribulations in an effort to have the masterpiece of their regime erected without flaw and embellished with all the works of art that the contract called for, it has been accepted. The bridge is of concrete and cost \$38,500, bonds having been voted for that amount by the village among the hills. It is over all, 370 feet long and 40 feet wide, being the width of the roadway of the avenue.

PICTURESQUE SETTING.

In an unusual picturesque setting the structure embraces a number of architectural features that add distinctively to its beauty and usefulness. In part, there is a reproduction of the ancient Chinese wall of the thirteenth century, concrete brackets supporting the footings in the fourteenth century walls on the superstructure red tiles and pagoda effects remind one of the modern tea houses in the Flowery Kingdom. The whole is finished in gray cement with a

roadway of red corresponding to the bright-colored tiles and making a distinct contrast to the surroundings.

The main and single arch is 128 feet long, while the wings at either end form concrete chaises at 60 feet long, 20 feet high and 36 feet in width.

FOR BAND PRACTICE.

"In these chambers," said Mayor Craig, "the neighborhood bands may practice to their hearts' content without being criticised by neighbors. As time goes by other uses may be found for them, for when furnished as contemplated, various gatherings could be held within. Adding to the beauty of the whole will be parterres of shrubs and flowers planted under the direction of the Board of Trustees, and at each end of the bridge, a creditable showing, we believe."

The architectural work was done by Albert Farr, brother of Trustee Farr, co-operating with Trustee William R. Vick. J. R. Leonard was the engineer in charge. The work was instituted during the last administration of Mayor Craig and Trustee Farr, Vickery, Munson and George W. McNeary.

READY FOR TRAFFIC.

"After many difficulties we now have the bridge ready for traffic," continued Mayor Craig, "and it is a relief to the entire board. We were told that it would take several months for the road-

way to settle from the fills at either end of the arch adjoining the wings. According to the plans, there was provision made for carrying off surplus water by the aid of 'weep-holes,' but they did not weep as to program, so that the fill did not dry up as it should have done. Our superintendent of streets, Chris Hansen, discovered that they were stopped up, so we have done a little cooping since we accepted the bridge, and now everything is all right."

"Piedmont is to be congratulated upon having been able to dispose of the \$35,000 bond issue at a premium of 4 per cent, thus making \$39 additional. Figuring in the cost of the designs, 5 per cent to the architect, inspection and other expenditures of similar nature, they total up only 14 1/2 per cent of the entire cost of the bridge, a creditable showing, we believe."

The architectural work was done by Albert Farr, brother of Trustee Farr, co-operating with Trustee William R. Vick. J. R. Leonard was the engineer in charge. The work was instituted during the last administration of Mayor Craig and Trustee Farr, Vickery, Munson and George W. McNeary.

The old bridge which originally crossed the ravine was of wooden construction and was built more than twenty years ago by the Piedmont Cable railroad. Of late years, however, it had been considered not safe, particularly in respect to the fact that often became started in the vicinity.

FLOWERS WILL BE STREWN ON WATER

Soldier and Sailor Dead to Be
Remembered by G. A. R.
Veterans and Women.

BERKELEY, May 26.—Lookout Mountain post, No. 82, G. A. R., and Woman's Relief Corps will observe the custom of strewn flowers on the water for the sailor and soldier dead, next Sunday afternoon at 3 o'clock at the Berkeley municipal wharf. The program is completed and contains some interesting features. It will be in charge of Mrs. Carrie L. Hoyt, chairman of the conference committee.

Commander E. A. May of Lookout Mountain post, will make a few opening remarks. Chaplain William Kleinfeller will give the invocation and Miss Eva C. Darling, president of Lookout Mountain W. R. C., will conduct the ritualistic service.

Rev. J. A. B. Fry, pastor of Epworth M. E. church, will give the address, paying a tribute to the sailor and soldier dead.

The pupils of the Franklin school, of which Prof. J. T. Preston is principal, will have an interesting part to play in the program. They will sing two songs, accompanied by the Franklin school orchestra, "Not Costly Dimes," and "Our Nation's Heroes." They will carry flags and flowers and lead the other schools of the city in the part of casting flowers on the water.

Appomattox Boys' choir, composed of comrades of the G. A. R. of Appomattox post, Oakland, have two songs, "Cover Them Over With Beautiful Flowers" and "Sleep Sacred Dust of Noble Dead." Tennyson's "Crossing the Bar" will be sung by Mrs. Louise M. Hollingsworth of the Daughters of Veterans, Alameda.

John Spelman of Lyon post, Oakland, will mingle the waters of the Atlantic with those of the Pacific. Spelman attended the national G. A. R. encampment at Atlantic City last September and brought back with him a bottle of water from the Atlantic ocean for this occasion.

The Spanish War Veterans will lower a miniature ship decked with flowers and flags. They will also furnish a firing squad for the salute and sound "Taps." T. H. Gilbert will act as officer of the day, assisted by several other veterans.

All patriotic organizations on this side of the bay have been invited to participate in the service. The different organizations will assemble at the east end of the wharf, where a line of march will be formed and all will proceed to the place designated for holding the service.

COLLEGE MOOSE LODGE IS GROWING RAPIDLY

BERKELEY, May 26.—The second meeting of the newly organized Berkeley Moose lodge, No. 527, of Moose, at Chase Hall last evening was attended by almost a full membership and numerous fraternal visitors from Oakland and San Francisco.

Chase Hall has been found inadequate for the large membership and other quarters are being sought. There are now 276 members of the local lodge.

KISER HAS NARROW ESCAPE FROM DROWNING

ALAMEDA, May 26.—Charles Kiser, high school athlete, had a narrow escape from drowning in the estuary yesterday when the outrigger skiff in which he was rowing capsized. He was thrown into the water. O. Sommer, who was rowing nearby, came to the rescue of Kiser, who was clinging to the overturned skiff, and rowed him to shore in his boat. Kiser is a member of the Alameda Boat Club and was practicing for rowing races to be held on the canal Sunday.

PUPILS GET PRIZES OR TEMPERANCE ESSAYS

BERKELEY, May 26.—For the best essays on the subject of temperance, cash prizes have been awarded by the Berkeley Women's Christian Temperance Union.

The first prize of \$5 was given to Don Harford of the eighth grade of the McKinley School and the second and third prizes of \$3 each to Miss M. J. Smith and M. Ramsay, respectively, both pupils of the eighth grade of the Franklin School.

BERKELEY REAL ESTATE MEN HOLD LUNCHEON

BERKELEY, May 26.—Realty affairs were discussed at the monthly luncheon of the Berkeley Real Estate Exchange, this afternoon in the Hotel Shattuck. President C. C. Juster presided and called upon numerous members for impromptu talks upon matters of interest to the brokers. The exchange has a membership of about fifty.

DO GHOSTS HAUNT SWAMPS? No, never. It's foolish to fear a fancied evil, when there are real and deadly perils to guard against in swamps and marshes, bayous and lowlands. These are the malarial germs that cause ague, chills and fever, weakness, aches in the bones and muscles and may induce deadly typhoid. But Electric Bitters destroys and casts out these vicious germs from the blood. "Three bottles drove all the malaria from my system," wrote William Fretwell, of Lucama, N. C., "and I've had fine health ever since." Use this safe, sure remedy only. 50c at Osgood Bros.

GOLDEN WEDDING ANNIVERSARY

Captain and Mrs. Herman
Jahn to Celebrate an In-
teresting Event.

BERKELEY, May 26.—The golden wedding anniversary of Captain and Mrs. Herman Jahn, will be celebrated in the form of a reception at Unity hall, Captain Jahn is 76 and Mrs. Jahn is 70.

In December, 1860, Miss Anna Rickan came from Germany with the family of the German consul to New York, and shortly after her arrival met Captain Jahn, to whom she soon became engaged.

With the first call for volunteers for the Prussian army, Captain Jahn enlisted, and because of his military training acquired in Germany, he was made sergeant of the New York volunteers. When marching order came he urged his fiancée to marry him at once, and on May 24, 1861, the wedding took place. Three days of honeymoon were vouchsafed the young couple before the regiment left for the front.

At the close of the war he was mustered out with the rank of captain, and in 1870 the wedding took place. Three years have since.

Mrs. Jahn has the most fascinating personality and is of Modjeska, Nielsen, Olga, Netherlands, Ward, Jessie Bartlett Davis, as well as the big chart shows them all.

MOTHERS MEET.

BERKELEY, May 26.—A special meeting of the La Canto Mothers' Club took place this afternoon.

CITY INTERESTED IN HARBOR LINE

Berkeley May Take Hand in
Campaign to Have It
Extended.

BERKELEY, May 26.—That Berkeley ought to join in the movement looking to the placing of the harbor line about a mile beyond the limit now allowed by law was the opinion expressed in a report by the board of directors of the Berkeley Chamber of Commerce.

The committee last evening, and the idea meeting with general approval it was resolved to refer the subject matter to a committee to be appointed by President Juster.

The question was presented by Vice-President Ethier and C. E. Heywood, who attended a recent meeting of the San Francisco harbor line board at representative of the chamber of commerce.

Heywood explained that ultimately this would mean that the city would have the present limit in all the land between the harbor and the proposed outer line, thus creating an area of new land as large in regard to extent as the city of Berkeley now.

George F. Dietrich, representing the Oakland Traction company, addressed the board in regard to extending the harbor line, and the idea meeting with general approval it was resolved to refer the subject matter to a committee to be appointed by President Juster.

The committee on publicity was requested to urge the board of supervisors to levy the tax authorized by the last legislature to provide an adequate Alameda county exhibit for the Panama-Pacific Exposition in 1915.

\$1000 PRIZE OFFERED FOR ESSAY ON RELIGION

UNIVERSITY OF CALIFORNIA, May 26.—Announcement comes from the University of Notre Dame in Indiana of an essay prize of \$1000 offered for the best manuscript dealing practically with the question of religion in education. Whether it be a piano—a talking machine—an automobile—a suit—or a baseball—if either one, by comparison, has superior qualities at the present time and is sold at a like price with others that by comparison—show inferior qualities—you are saving in buying the best. Comparison is the true test. We know that our prices from a comparative standpoint are the BEST the world affords in price and quality. We have proven this to thousands in the past. We can prove it to YOU today. There is one essential, however, in which we must ask your help.

You must see our goods. We know your own test will be a proof of our assertion. Give yourself this opportunity of comparison. Drop in and compare our pianos with others you have seen, at a similar price. A few moments of your time now will assure you of satisfaction later. You will ultimately purchase where the most favorable comparison is apparent.

See our pianos. Compare them in price and quality with any store the world over—and our assertion will prove a truth—that YOU can safely place confidence and your money here.

Our pianos are right. The principle of our organization is right. When you compare our pianos you are serving yourself RIGHT.

BABY LEFT ALONE BURNED TO DEATH

LOS ANGELES, May 26.—Jeff near a lighted gasoline stove, while her mother absented herself from the room for a few minutes, Mary, the 2-year-old daughter of Mr. and Mrs. William Statum of this city today playfully put her hand in the fire and in an instant her clothing was ablaze. The mother returned hurriedly, but the child's burns resulted in almost immediate death.

JOHNSON'S DRIVER IS JAILED FOR SPEEDING

NEW YORK, May 26.—Jack Johnson, the heavyweight champion, appeared in the Butler street police court in Brooklyn yesterday and paid a fine of \$10 for his chauffeur, Charles Brown, who was convicted of breaking the speed law while driving the negro pugilist at Flatbush and Sixth avenue. Johnson admitted to Magistrate Finch that the chauffeur was exceeding the speed limit.

EIGHT-HOUR LAW STIRS UP STRIFE

Loophole Sought in Measure; Test Is Made at Riverside.

RIVERSIDE, May 26.—Frank A. Miller of the Glenwood Mission inn was arrested yesterday and convicted on a charge of violating the new eight hour law. His head waitress was the complainant. He obtained a stay of judgment pending an appeal to the supreme court. Miller was selected by the Southern California hotel association to test the law and was defended by Senator Miguel Estudillo, who helped to get the eight hour law enacted.

FIND LOOPHOLE.

BERKELEY, May 26.—That the new eight hour law for women may not be effective in offices of lawyers and physicians, banks and similar places, is the opinion of a correspondent of the local chamber of commerce.

The law reads: "No female shall be employed in any manufacturing, mechanical or mercantile establishment, laundry, hotel or restaurant or telegraph or telephone establishment or office, or by any express or transportation company in this state more than eight hours during any one day, or more than 48 hours in one week."

The contention is that the omission of a comma after the words "telegraph and telephone establishment" makes the law read so that all other office work performed by women will not come under the provisions of the statute.

BRINGS TROUBLE.

SAN JOSE, May 26.—The application of the eight hour day for women law passed by the last state legislature has brought trouble in San Jose. The trouble has arisen in the restaurants.

The situation is this: The women employed in restaurants formerly worked 12 hours a day at a uniform wage of \$8 a week. When the eight hour law went into effect Monday all members of the Hotel and Restaurant Men's Association signed an agreement with the union whereby they were to pay \$8 a week for eight hours of work. The eight hours to be at intervals during 12. The adoption of the new conditions was amicably effected and was proceeding until Wednesday evening, when the business agent of the union visited the restaurant proprietors with a new agreement and demanded their signatures.

The demand called for \$7 a week for six days of eight hours each out of 11. The restaurant men uniformly refused to sign the new agreement and the war was on.

BANKERS TO MEET AT BALL GROUNDS

Oakland and San Francisco Chapters to Go to the Bat.

Batter up! Play ball! The old familiar cry will be heard at Grove street park on Memorial Day, at the second annual game between Oakland and San Francisco chapters of the American Institute of Banking.

Both chapters have a number of good teams, and the pick of these teams will play for the handsome cup donated by the Wiley B. Allen Company, which is now in the lawful possession of Oakland chapter, which acquired it last year.

Some of the players are: B. J. Davis, captain, and Stuart of the Central National is manager of the Oakland team. The first ball will be pitched at 2:30 by one of the local bank presidents.

LANGDON ON FRESNO NORMAL SCHOOL BOARD

FRESNO, May 26.—Word was received here last night of the appointment by Governor Johnson of five San Joaquin valley business men as trustees of the Fresno Normal School as created by the state legislature last winter. The men appointed are M. E. Harris and H. Graff of Fresno, W. H. Langdon of Modesto, Irving Martin of Stockton and James Curran of Bakersfield.

Harris is a prominent attorney of this city. Graff is one of the leading grocery merchants here. Langdon was formerly district attorney of San Francisco. Irving Martin has for many years been editor of the Stockton Record. Curran is a brick manufacturer of Bakersfield.

RETURNS \$50,000 WORTH OF JEWELS, GETS \$1000

DETROIT, Mich., May 26.—A black hand satchel containing \$50,000 in diamonds and jewelry lost on Jefferson avenue on May 15 by Mrs. Waldo A. Avery, wife of a wealthy local business man, was last night restored to her husband by Anthony A. Solowsky, who says he found the jewels a short time after they were lost. Solowsky, a local bicycle dealer, 30 years of age, will receive a reward of \$1000. Private detectives were employed by Mr. Avery, and it was not until this week that the loss was made public.

FORMER SAN JOAQUIN TAX COLLECTOR DIES

MODESTO, May 26.—James Wallace Kerrick, for twelve years treasurer and tax collector of San Joaquin county, is dead at his home near this city. He was a native of Kentucky and 78 years of age. Kerrick came to San Joaquin county in 1883 and was one of the leaders in democratic politics in that county. He leaves a widow and seven children, among them being Cordelia Kerrick of Oakland and J. W. Kerrick of Alameda.

FRANCE HONORS FAMOUS DEAD

Big Ceremony at the Funeral of Statesman Victim of Airship Accident.

PARIS, May 25.—The funeral of Henri Maurice Berteaux, the French minister of war, who lost his life in the aeroplane accident that marred the opening of the Paris-Madrid aviation race on Sunday, was made the occasion today of an impressive national demonstration. All the active officials of the country, including both the civil and military branches of the government, were represented as were all the foreign governments which either sent special envoys or commissioned members of the diplomatic corps to act in that capacity. The public schools were closed and all Paris appeared to be gathered along the route of the procession. General Francois Gohier accepted today the portfolio of the ministry of war.

DECLARES HIS WIFE COMMITTED BIGAMY

Claiming that his wife, Jennie Grace Perry, to whom he was married in this city on June 22, 1909, by the Rev. W. N. Van DeMark, at that time had a husband living in the person of Thomas D. Harvey, whom she had married in Sacramento, December 21, 1906, Joseph D. Perry filed suit for divorce today in the Superior Court.

FOURTH OF JULY PLANS
HAYWARD, May 25.—At the next meeting of the Chamber of Commerce a discussion on the plans for the coming Fourth of July celebration will take place. Many of the residents are for a same and noiseless Fourth, and will probably set a measure before the trustees asking for the same.

POLICE SWEEP DOWN ON 'JOINTS'

Chinese Pay \$1000 in Bail for Selling Lottery Tickets.

Ten Chinese lottery places were raided by the police this morning, \$1000 bail being posted by the sellers of lottery tickets, who were taken into custody. In conformity with the usual custom, pleas of guilty will be entered, and half this sum forfeited. The places raided were as follows: 524 Sixteenth street, 367 Eleventh street, 411 Eleventh street, 955 Franklin, 364 Tenth street, 335 Eleventh street, 405 Ninth street, 965 Franklin street, 914 Franklin street and 611 Eighth street.

Patrolmen Bock, Sherry, Emigh, Drury, Williams, Flynn, Riley, O'Connell, Conroy, Reinhardt, Smith, Curran, Underwood, Forrest Pardee and M. Riley participated in the raid.

Mrs. Alice E. Crim Wants a Divorce From Millionaire Husband.

Mrs. Alice E. Crim Says She Has Been Denied Place in Society

SAN FRANCISCO, May 25.—Although the wife of a millionaire, with luxury and social eminence almost within her grasp, Mrs. Alice E. Crim, in an amended divorce complaint filed this morning, asserts that she is deprived of her proper station in society and is forced to a life of retirement because of the stinginess of her spouse. The defendant, George E. Crim, is a wealthy realty operator, receiving an income, it is said, of \$5000 a month. The family home is in the old time fashionable district, at 2360 Howard street, and the wife maintains that for twenty years it has been literally a counting house and a place for her husband to concentrate his business activity. She avers that all his efforts are turned toward hoarding money, and that the home atmosphere is far from ideal on this account. The daily practices of Crim are given space in the divorce papers and Mrs. Crim declares that he pretends illness so that he may retire at 3 p. m., preventing her taking that part in the social sphere to which she feels that she is entitled. As an instance of her husband's ideas of the expenditure of money, Mrs. Crim cites one occasion when he took herself and a minor child to a Mission street place of amusement, where he purchased, she says, two twenty-cent tickets for themselves and a ten-cent ticket for the child, who was forced to sit in another part of the house in order to save the dime. It is also charged that Crim has alienated the affections of their eldest daughter. The husband is vigorously contesting the action and pending the determination of the case Judge Stewart has given Mrs. Crim \$3000 per month temporary alimony.

Kansas City Women Fail as Bootblacks

Men Refuse to Patronize Shop and Place Gives Up Ghost in a Month.

KANSAS CITY, Mo., May 25.—After being open one month a shoe-shining stand with women employees only closed last night on account of slack trade. Men would not patronize the place and the women customers were too few to make the business profitable. Before the stand opened the following sign was placed in the front of the room the signers were to occupy. "Pretty girls will shine your shoes here." Immediately there came a protest. An occupation license was refused the manager of the stand, but it was permitted to open on probation. At no time were more than three women employed.

OFFICERS SELECTED BY THE UNITARIANS

BOSTON, May 25.—The American Unitarian Association has elected the following officers: President, Samuel A. Elliot, of Chicago; vice-presidents, Paris Gibson, of Great Falls, Mont.; Horace Davis, of San Francisco; secretary, Lewis G. Wilson, of Boston; treasurer, Francis H. Lincoln, of Hingham; director for western and Pacific States, Wilson M. Backus, of Minneapolis.

WATERFRONT TO BE IMPROVED

Additions to Ferry Building and Section of Seawall to Be Built.

SAN FRANCISCO, May 25.—As soon as the new bond issue is available work will begin on a number of important improvements on the water front. Mighty feet will be added to either end of the ferry building. A section of seawall 1750 feet long, extending from the ferry building to Harrison street, will also be included in the immediate plans. These, and as many other contracts as possible, are to be completed before the opening of the Panama-Pacific Exposition.

CONTRACTOR MUST REMOVE HIGH VOLTAGE WIRES

R. H. Conrad, of the Conrad Electrical Company, 1088 Franklin street, was found guilty before Judge George Samuels this morning of having violated the city electrical ordinance in having installed 500-volt electrical lighting wire fixtures and equipment at a job at 128 Telegraph avenue. The case was put over for two days to the giving of the defendant time to take out the wiring objected to by Pete Anderson, the electrical inspector for the city.

PROFESSOR WICKSON IS MADE DEFENDANT IN SUIT

BERKELEY, May 25.—Prof. E. J. Wickson, head of the department of agriculture of the University of California, who, with his assistant, J. S. Burd, has been made defendant in a suit brought by the California Fruit Growers' Association today that his department is acting entirely within the law. "We are proceeding as they are in other states," declared Professor Wickson today. "If we are not right, it is up to them to show us."

MAIL ROBBER GETS FOUR-YEAR SENTENCE

SAN FRANCISCO, May 25.—Trueman Miller, convicted of robbing the mails in Stockton, was sentenced by United States District Judge De Haven today to four years in prison at Fort Leavenworth.

BATTERY OF LIGHT ARTILLERY IS POPULAR

Many Recruits Are Enrolled in Local Unit of the State Guards' Arm.

SPANISH-AMERICAN WAR VETERANS JOINING

Places for Yet More Men Before the Roster Is Filled and Closed.

Enrollments for the battery of light artillery now being formed in Oakland are coming to the recruiting office, 511 Thirteenth street, with great rapidity. In the neighborhood of twenty names were added to the rolls last night alone, most of the recruits being men who have already seen service in other branches of the army, navy or militia.

The organization of the battery has met with marked approval from military circles, all the camps of the Spanish War Veterans held a joint meeting last night at Liscum's camp headquarters expressing this approval and many of the men present signing the roll. Men from the artillery branch of the service in the war with Spain and the Philippine insurrection are understood to be working particularly hard for the organization, realizing the value of such military training as it offers.

To facilitate the enrollment of interested men a branch recruiting office has been opened at 4016 Piedmont avenue, presided over by Dr. B. E. Viary. Many offers of horses for the use of the men in drills have been received from owners of the animals and if enough are received, and conditions permit, mounted drills will be held at least once a month. There are only five days left before the first of June, when the enrollment is supposed to be completed, but at the rate in which enrollments have come in, it is thought there will be no difficulty in securing a full complement by that time.

ONE BATTERY COMPLETE.

Additional interest in the battery is felt here because of the success in Los Angeles of the effort which has resulted in the organization of the First Battery of Field Artillery, consisting of 171 men, four three-inch field guns and twelve caissons, which will be mustered in there next Monday night. Adjutant-General E. A. Forbes will go to Los Angeles to the mustering in ceremony and as soon as possible thereafter he will issue orders to the field battery officers to go to Fort Riley, Kas., for instructions at the school at that place, conducted by the United States war department. The officers will remain two weeks receiving instruction in the handling of a field battery.

This will be the first modern field battery organized in the State of California and will be a great addition to the State National Guard. The battery will elect officers when the mustering-in ceremonies are over and commissions will be issued to the leaders by the state.

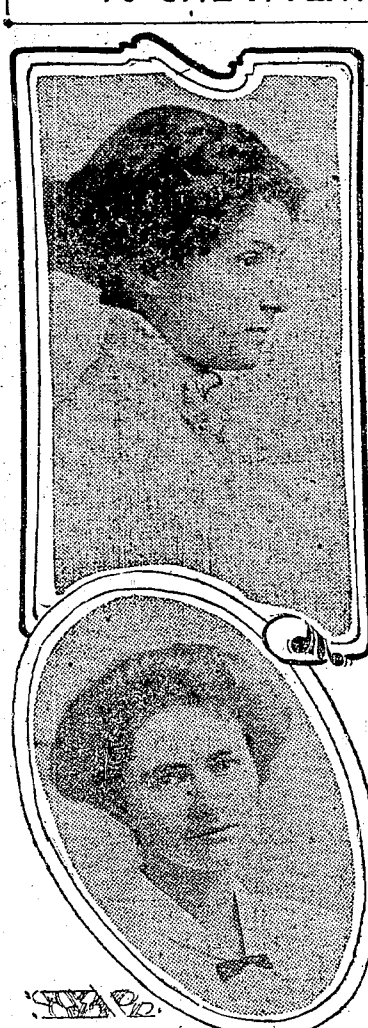

DO YOUR FINGERS, ARMS AND LIMBS GET NUMB, ALWAYS FEEL COLD?

That's from gas in your stomach interfering with the blood circulation, because the gas presses against your heart.

Do you know that you can positively (mind you, forever) stop this with BAALMAN'S GAS TABLETS? Why? Because BAALMAN'S GAS TABLETS prevent the formation of gas and forever cure where every other Dyspepsia Remedy has failed. TRY IT.

These peculiar tablets are sold for 50c a bottle by nearly every druggist. If not in stock tell him to get them for you from his wholesaler or send 50c in silver, stamps or money order to Hahnemann Pharmacy, 884 Sutter St., San Francisco.

COLLEGE MAN IN TOILS OF DIVORCE

Assistant Faculty Man Tells of His Efforts to Support Family.

Opposing the payment of alimony to Minnie A. Rowe in an action for divorce, Richard M. Rowe denied the charge that he did not support her and that at times she had been compelled to go without sufficient food, in Judge Ogden's court. "There was one time when she said that she wanted something to eat, so I went out and bought her a couple of cans of tomatoes and a bottle of olive; that was when we had packed up our goods and commenced moving from our home."

Rowe is a assistant in the department of geology at the University of California, at \$75 per month; he is also a fireman in the Berkeley department for \$10 a month, and the privilege of using one of the firehouses as sleeping quarters.

Rowe declares that he and his wife agreed to separate until he could make more money. Accordingly, he said, he took up his residence with the horses in the firehouses and "lived like a dog" to economize.

The couple have been married six years. Rowe has a daughter, aged 11, by a former marriage. One child, Donald, 2 years old, is the result of the last union.

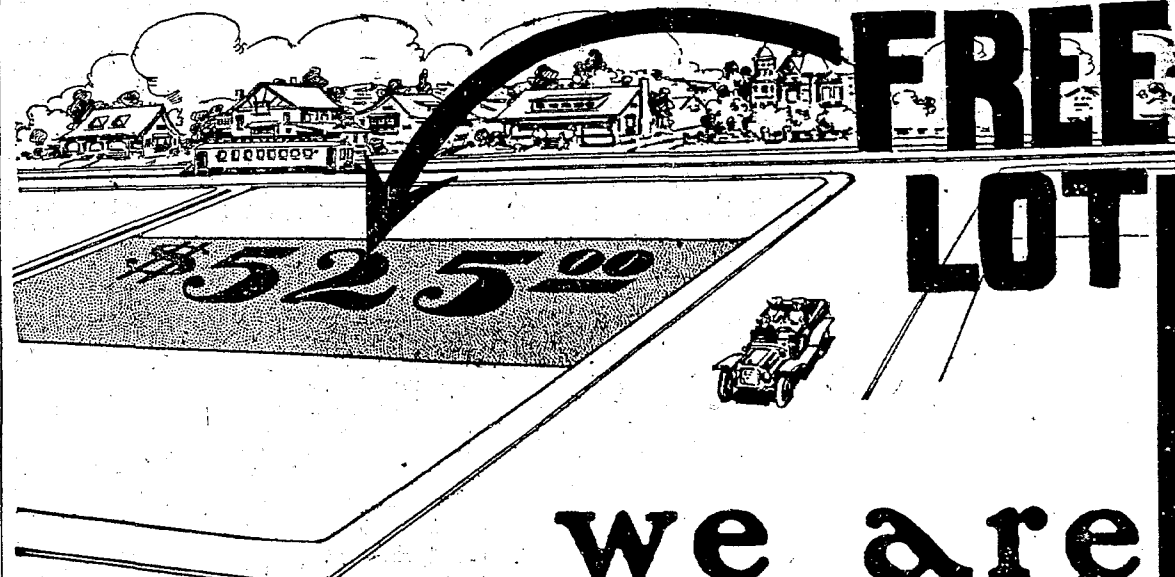

HAROLD HARMON HUNTED TO HOME

Mother Shields Epileptic Alien and Police Can't Locate Whereabouts.

SAN FRANCISCO, May 26. — If Harold Harmon, a native of Canada, whose mother, Mrs. E. von Ernst, is hiding him somewhere in this city, is seized upon the streets with epileptic fit, to which malady he is subject, it will probably bring about his arrest and deportation.

A communication has been sent broadcast by Luther B. Steward, assistant commissioner of immigration, requesting the holding of Harmon should he be brought into any of the local hospitals to be treated for epilepsy.

Harmon was recently paroled from the Washington state reform school. The authorities claim that when he came into the United States he was already subject to the fits and they were awaiting to arrest him when he should have served his term. They did not learn of his parole until he had left to come here and join his mother, and when they went to her address on Mission street the inspectors learned that she had moved.

FREE LOT

we are giving away a \$525 lot

—You don't have to solve any puzzles.
—Or sell anything.
—Or get any names.
—Or buy anything.
—Or do anything except visit the Fremont Tract, our new subdivision near Mills College, and help yourself to a ticket.
—Furthermore, if there are several folks in your party each individual gets a ticket.

—The lot to be given away is one of the best in the tract, and judging by the plans now being made by the Key Route (who have bought a row of lots right through the Fremont Tract) this free lot will double in value within two years.

It is certainly worth while trying for, because some one is bound to win it, and it is just as likely to be you as anyone else.

The Fremont Tract is going to be one of the most attractive, moderately priced residential subdivisions in Oakland.

—The street work is to be of the very best.
—All improvements are the same as are found in tracts selling at twice the price.
—The new foothill boulevard from Lake Merritt to Hayward will run through the tract.
—The Key Route has bought right through the property.
—The Mills College cars run within a block of our Tract house.

TERMS AND PRICES.

—Good lots can be bought for \$500, \$600, \$700 or \$800—All 35 feet wide.
—Five dollars secures one of these lots.
—Fifty or sixty dollars secures a deed.

Payments of five or six dollars a month will be satisfactory to us.

And there will be no interest or taxes for over a year.

HOW TO GET THERE.

Take Mills College cars on 12th street, Oakland, and ask the conductor to let you off at The Fremont Tract.

OAKLANDER REPORTED MISSING FROM HOME

J. O. Anderson of 604 East Thirty-sixth street disappeared from his home last Tuesday, and his friends have asked the police to make a search for him. He is 30 years old, five feet six inches in height, weighs 155 pounds, and has a fair complexion, gray eyes and slightly gray hair.

PIPE FITTER DROPS OUT OF SIGHT MYSTERIOUSLY

SAN FRANCISCO, May 26. — James Lafrance, a pipe fitter of 2236 1/2 Twenty-second street, has been missing since May 17 and his wife is grieving over his disappearance. The family can advance no theory to account for his continued absence and the police have been asked to aid in the search.

Lafrance is 32 years old, short, medium build, dark hair, smooth, shaven, and wore a dark suit and a black stiff hat.

HERMAN DRUGS MISSING.

The relatives of Herman Drugs reported to the police today that he has been missing since May 15. His home is at Second avenue and East Fourteenth street.

MARRIAGE HELD UP BY WORD FROM HOME

SANTA ROSA, May 25.—J. H. Ledford, aged 32, and Miss Mae Haynes, 17, both of Booneville, Mendocino county, came here Tuesday and applied for a marriage license. Miss Haynes had the written permission of her mother, but it had not

been acknowledged before a notary, as required by law.

The couple were compelled to wait until they could write to Booneville and have the signature certified to, and yesterday, armed with the legal permit, they again appeared in the clerk's office and obtained the license.

They were married shortly afterward by Justice A. J. Atchison, and left for home last night.

LIBRARIANS PLAN TOUR OF COUNTY

Delegates to Pasadena Convention Will Come to Oakland.

Charles S. Greene, librarian of the Oakland public library, returned yesterday from the annual convention of the American library association at Pasadena.

The Eastern delegates, about 100 in number, including many of the most prominent library workers in the United States, will come to Oakland June 2. They will take a sight-seeing trip about the bay and will visit the library museum in Oakland. In Berkeley they will visit the Hearst Greek Theater and the new Charles Doe library.

Because of the work done by county extension departments of the libraries in California, and especially in Alameda county, the visitors will make a close study of the innovation which has not been tried out to any extent in the Eastern states.

Among the other delegates from Oakland were:

Miss Mary Barmby, head of the Alameda county department; Mrs. C. K. Louderback, Miss Jennie M. Fenton, Miss Kate D. Jones and Miss Florence E. Brown, all of the Oakland public library, and J. C. Rowell, head of the University public library; Miss Mary F. Williams and Charles Quayle, a trustee of the Oakland library.

TERRIFIED GIRL LOST ON DESERT

Maria Ferrari Leaps From a Train, Fearing for Her Life.

SAN FRANCISCO, May 25.—After wandering in the Mojave desert for nearly two days without food or water, Maria Ferrari, an Italian immigrant girl, was brought to the home of her brother here last night. Terrified by the malicious stories of Italians she met on the train she jumped from a Santa Fe train near Barstow, preferring to chance death on the blazing sands of the Mojave rather than face the terrible fate she pictured awaiting her in San Francisco.

Taking advantage of her ignorance of the language and American customs, Italian passengers on the train told her lurid and terrifying stories of American laws and customs, making her believe her brother, whom she was traveling to join, was angry at her coming without his permission and would kill her.

When her absence was discovered hours after she had left the train, a message was sent to the station agent at Barstow to search for her. The agent succeeded in finding her trail, but did not overtake her for more than 24 hours. When discovered she was suffering from thirst and hunger and was completely exhausted.

2500 MEN DELAY \$40,000,000 JOBS

Three Hundred Chicago Building Contractors Have Hands Tied by Strikers.

CHICAGO, May 25.—Three hundred Chicago building contractors, who have working agreements signed with 47,000 workmen, are idle because of the brickmakers' strike, in which only 2500 men are directly involved. Builders here cannot be utilized because the brickmakers are in sympathy with the brickmakers and refuse to haul it.

Work represented by more than \$40,000,000 worth of building contracts cannot be started in an effective way because the contractors are unable to get the brick. The only brick available at present is a meager supply taken from old buildings that are being razed, and it can be used only for filler. Even so, contractors swarmed with buildings are being razed, and bid against one another for the old brick.

WANTS NATIVE SONS TO ORGANIZE ARMY

EDITOR TRIBUNE: The Native Sons of the Golden West should organize an army for the defense of the state in case of a foreign invasion. There are at this time 138 parlors of the order in California, aggregating 30,000 members, who, when given a military training and equipped with high power military rifles, could, in addition to the National Guard, be of great service in case of necessity. Each parlor of Native Sons should equip itself as a company, or several companies, according to the membership, learn the infantry drill from competent instructors, to be organized into an infantry corps, with cavalry, artillery, hospital and signal corps detachments.

The Native Sons have already several drum corps and bands, and it would be an easy matter to form the different parlor into military companies. In every parlor there are a number of men who have seen military service, when they, in conjunction with the regular army, National Guard officers, could drill the Native Sons levies.

The organization could be patterned along lines similar to the California Boy Scouts, when the membership in the organization would not necessarily be confined to the members of the Native Sons order alone, but would permit the enlistment of all the male residents of the state under proper regulations. The proposed army should be under national regulation, subject to the call of the President in war purposes only. It should not be used in strikes, however, as that would impair the usefulness of the organization. If the proposition is adopted it will be the means of solving a difficult problem which has confronted the state for a number of years.

ROOSEVELT'S LETTER FREES OROVILLE MAN

OROVILLE, May 25.—The fact that he was the father of 15 children and was a beneficiary of former President Roosevelt, and had documentary proof to show it, got Leath, formerly of San Francisco, in good stead yesterday. Leath had been arrested for selling a wind broken mule badly afflicted with the heaves to Robert Ferguson, a horse trader.

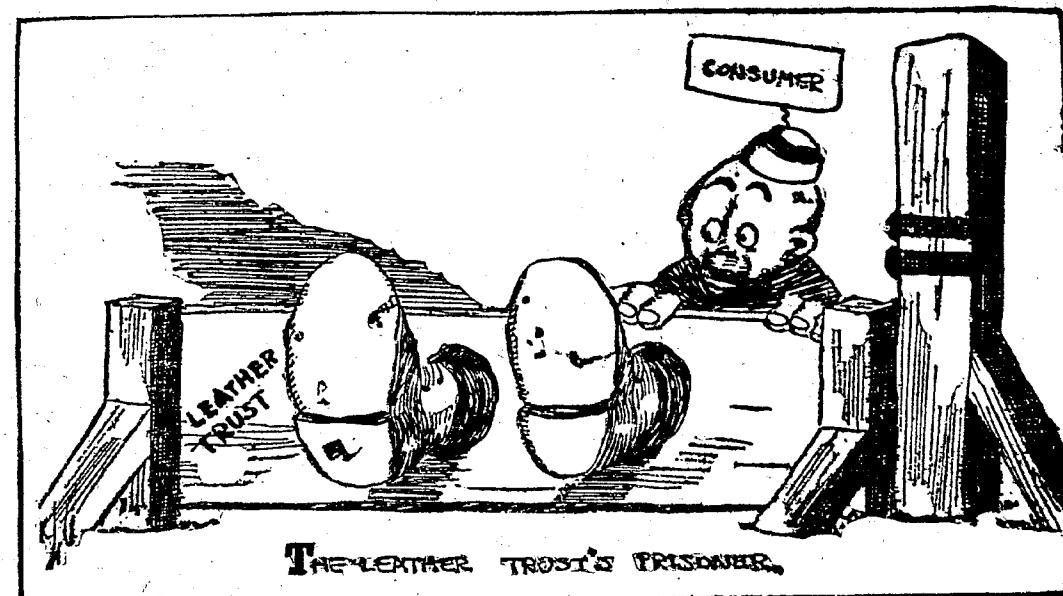

When brought into court the prisoner produced a letter from Theodore Roosevelt, written shortly after the San Francisco fire, commending him upon the fact that he was the father of 15 children and commiserating with him that all his possessions were lost in the fire. The letter stated that a check for \$800 was inclosed. He was freed.

U. S. Tariff Commission Cannot Prevent Higher Prices on Shoes

Shoe prices in this country are fixed by the Leather Trust. The Trust has a throttling grip on the tanneries. It regulates the quantity of leather. It fixes the price of that leather. Worse than that—it influences the quality of all leather.

If cheaper shoes—if better shoes—mean anything to you and your family, you must strike for yourself—Get Endicott-Johnson shoes. Endicott, Johnson & Co. are the only shoe manufacturers in this country who are independent of the Leather Trust.

They buy their hides in the open markets of the world. They own their tanneries—they tan every pound of leather they put into their shoes. They sell direct to your home shoe dealer, cutting out the profits of four distinct middlemen.

Endicott-Johnson shoes save you 50 cents to \$1.00 on every pair—and they give you service, style, fit and comfort that you simply cannot get in any other shoes at any price.

The ENDWELL (Goodyear Welt) is their dress-or-business shoe—\$3.00, \$3.50 and \$4.00.

ENDWELL shoes give you every choice of style—snappy, up to the minute lines, or the more conservative cut—any width and shape of toe—all the colors of leather. Good fitting—exquisitely finished—easy to the foot.

Look for this name stamped in every shoe—

ENDWELL

DORMAN'S, 834-838 Broadway.

Shoe buyers who live outside the city where this paper is published can learn the names of their home dealers who carry ENDWELL shoes by writing to Endicott, Johnson & Co., Endicott, N. Y.

Wolcast and Burns Are Fit and Ready Gregory Doesn't Look Like a Pitcher

SECOND APPEARANCE OF GREGORY NOT A THRILLER

Joplin Man Lacks Something That Goes to Win Ball Games

Vernon was the best at Freeman Park yesterday afternoon. With elegance and grace they hung the big sign on the locals, defeating them most decisively by a score of four to one.

Maybe my fellow scribes will harp on that old jinx as being responsible for the Oaks getting the short end of the score, but to the writer it looked as if Mr. Howard Gregory, late of Joplin, was a wee bit out of this caliber.

Right off the reel he began to get in hot water and until the eighth inning, with one exception, he stayed there. Maybe he will do better in some other game, but if he wants to hold his job and please the fans he will have to do a whole lot better than he did against the Hooglians.

For the Hooglians, it was Raleigh who bunted and let us pause to remark that Vernon played a wonderful fielding game behind the young south paw, and more than one did some brilliant stunt to pull him out of that hole that he worked himself into.

NARY A RUN UNTIL THE THIRD INNING.

Carlisle opened the season and with three and two called stepped in front of a slant that hit him in the ribs. After reaching first he started tearing for second and went clear to third on a burn run home of Cuthaw by Cacio Mitze.

Kane had popped out to Pryl, Patterson fanned and Brashear hit a long one to Hoffman, so there were no troubles for us.

The Oaks went out in one, two, three order and then there came more troubles for Gregory, but again he escaped. Burrell got to third on a pass, a steal and a wild pitch and would have scored on a run home to first by Gregory, had the runner been awake. In the second it was again one, two, three for us.

In the third inning a nice peg from left field by Hoffman nipped a man at the plate, but bunt coaching by Hoffman sent him scurrying for that bag. With two in the hole Patterson walked and went to second on Brashear's single. Stinson hit to left field, Hoffman retrieved the ball and killed him off twenty feet from the bag.

HOOLIGANS BREAK IT UP IN FIFTH.

Raleigh started the fifth with a single into right field and went over to second on Carlisle's single. Kane bunted and had Raleigh run with more steam. He would have landed at third, but he didn't and was out.

Patterson went out, Gregory to Pryl, and both runners moved up a base. Brashear was dangerous and he was passed to filling up the bases. The prize stinger of the league poked a dandy into left and Carlisle and Kane hotfooted to the rubber. Hoffman's peg was puffed away and the ball got away from Mitze and both runners tallied. Those two were enough to win the game, but the Hooglians gathered two more in the fifth.

In the eighth Hettling had got on with a hit and reached second on Ware's out. Hettling tried to score him and fanned, and Tiedemann followed suit when sent in to bat for Gregory.

Christian took up the slab duties and two singles and a sacrifice scored two for the Hooglians.

That was about all, as Oakland could not get their last try at the bat.

LOOKING FOR MAN WHO WILL STRIKE JACK JOHNSON

NEW YORK, May 26.—Twenty-three heavyweight boxers from various parts of the country will be the contestants at the National Sporting Club here tonight in a novel "white hope" tournament.

The purpose of the bouts is to discover among the unknowns some man who in time may be considered worthy to face Jack Johnson for the title.

GAMBLERS BEGINNING TO MAKE BOOKS ON BASEBALL GAMES

MEMPHIS, Tenn., May 26.—That a general plan has been made to attempt wholesale bookmaking on major and minor league games was indicated here yesterday when odds were openly posted on results of all American, National and Southern league games. Special prices were provided when requests were made, but 8 to 1 was ored that the public could not pick four winners in any one league. This follows a report that bookmakers, formerly well known on the race tracks, had opened a general agency at Hot Springs, Ark., for the purpose of laying odds on baseball games. Little business was done locally.

Diamond Dust

Oakland lost yesterday. Slating the game up from the brass cage it was poor pitching more than anything else that brought defeat to the locals.

Gregory might have a whole lot and might have won eighteen of the twenty-three games he pitched for Joplin, but to win in this league he will have to hurt a far better article of ball than he did yesterday out at Freeman Park.

Lack of control seems to be one of his failings and then again he doesn't use the noodle right. Once he hit a man. Once he made a wild pitch and six times he gave transportation to first base.

At that he is but a fair haired boy yet, so let's give him another chance, hoping he does better in the future.

Raleigh did the hurrying for the Hooglians and got away with the job in clever style. Oakland hit him hard, his true, but his support was faultless and several times apparent hits were cut off, especially by Kane and Burrell in the infield.

Mitze was the only man that could find the southpaw to any degree of certainty. Of the four hits the Oaks glomored he landed on two. One was a drive bang up against the fence, both in left field.

Happiest Hogan chased Stewart off the coaching lines in Wednesday's game because he sent Kane to the plate on a looked a wild heave to first base with fifth inning the sent Patterson to the plate after Hoffman had safely picked up Stinson's drive. Mitze got the runner ten feet from the home base.

Hoffman played a clever game in left field "and" gathered in two that looked good for doubles, easy. One at that was a foul right on the line but it took a hard run to get it.

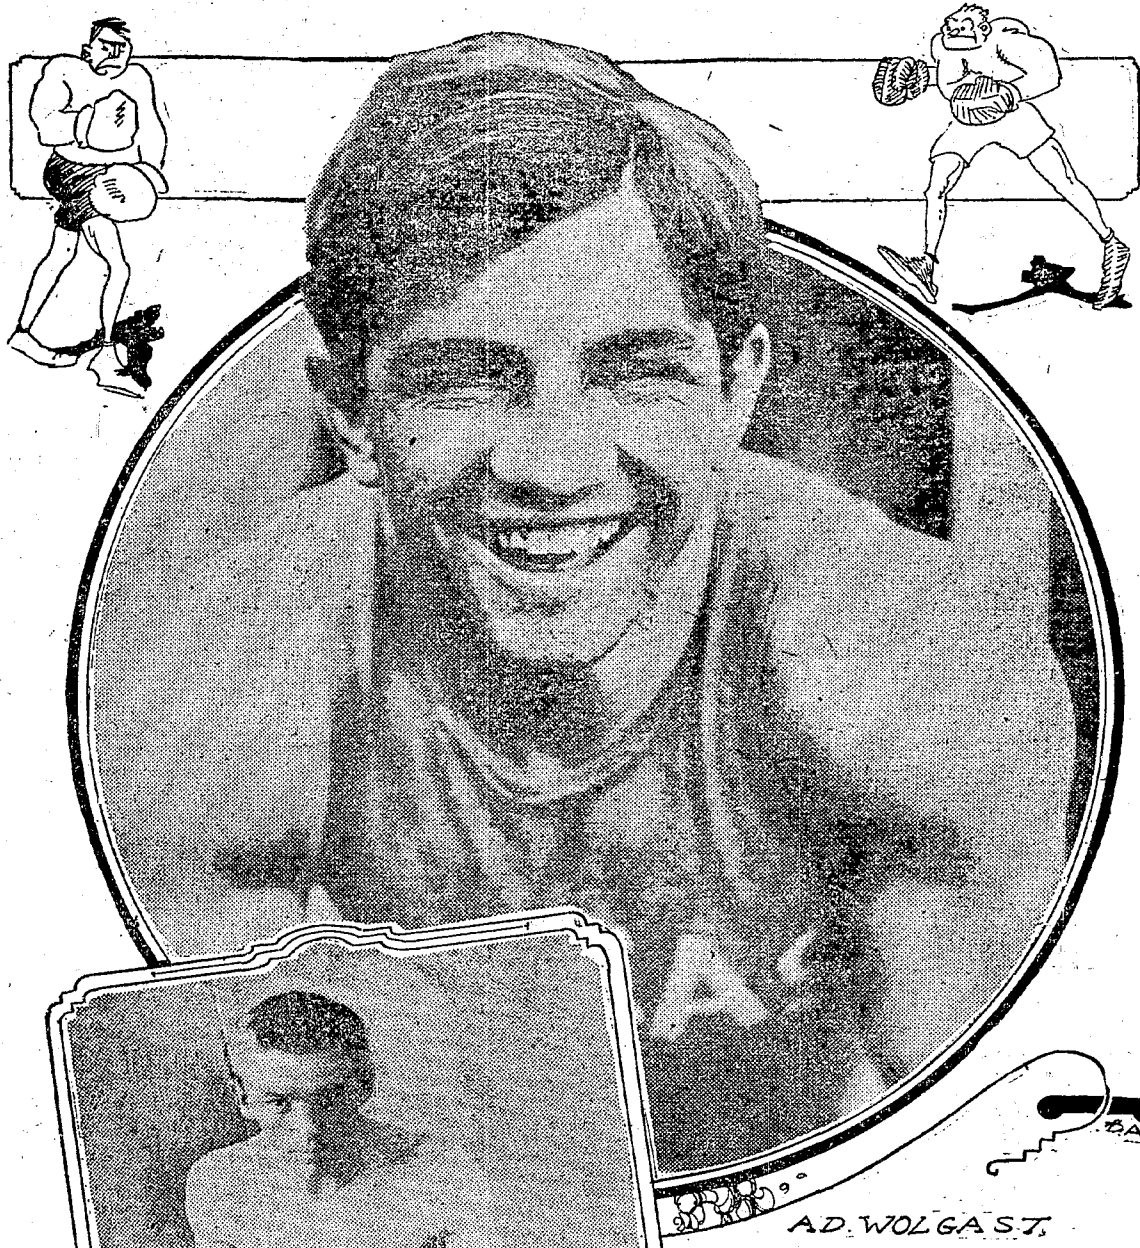

Patterson was entitled to a home run on his double in the seventh inning and Hogan should have claimed it as such. The ball hit the second fence on the line so hard that it bounced back into the lot. This fence is several feet away from the regular fence and has on other occasions given a runner a homer.

Hoffman misjudged the speed of this hit and made a gallant try after it. Running back full speed he did not figure the fence and cleaved up against it like a ton of bricks. For a few moments it looked as if he had been badly injured but he came back and resumed playing after a few minutes' rest.

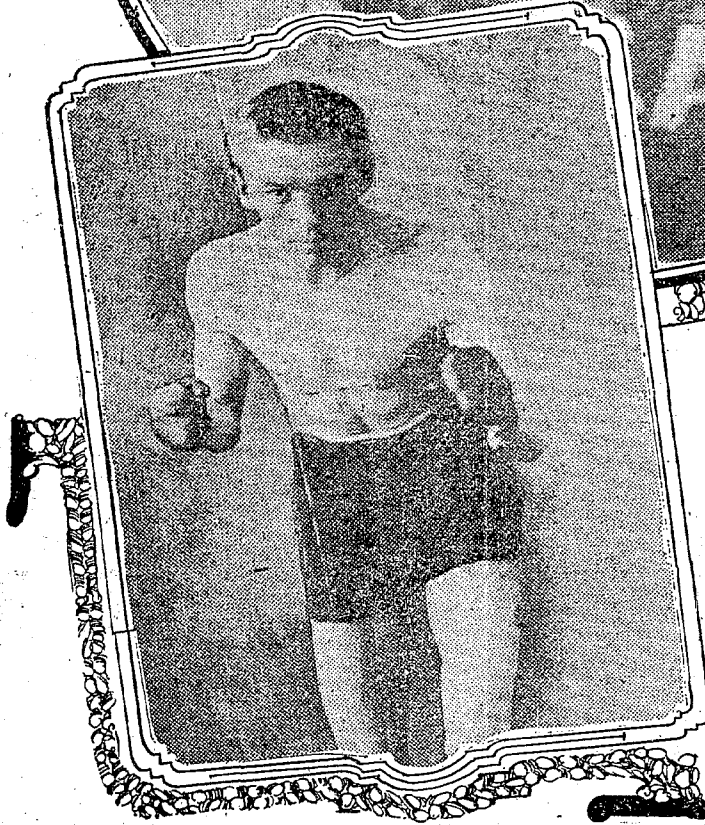

It was a long, tiresome drawn out affair due to the slowness of the two slabsters. Was a pity that the umpires don't enforce the rule about the pitchers delaying the game and make some of these snails get a move on themselves.

After Mitze poked the double to left in the sixth, Gregory had a chance to score him or at least his substitute runner or put him on third but he fanned, Tiedemann, who was substituted for Gregory, made three attempts to "swat the ball and failed.

In the eighth, with Hettling at second base, after a pretty bunt by Ware, Pearce went to bat and fanned and but nobody was able to do it.

AD. WOLGAST.

FRANKIE BURNS.

AD. WOLGAST and FRANKIE BURNS, rival lightweights, who meet in a twenty-round boxing contest at Coffroth's arena in San Francisco tomorrow afternoon.

WOLGAST - BURNS BOUT POSTED BY TRIBUNE

In keeping with the policy of THE TRIBUNE to be first with the news all the time the results of the Wolgast-Burns boxing contest at Coffroth's arena tomorrow afternoon will be vividly portrayed at the big bulletin board of THE TRIBUNE on Eleventh street on the roof of the Hub Clothing Store.

Eddie Smith, America's foremost pugilistic critic and world's renowned referee, will be at the ringside with able assistants to see that no move of the boxers that would interest the fans is overlooked.

Direct private wires from ringside to bulletin board have been installed and from the time the crowd begins to arrive at the arena until the referee has given his decision of the contest everything worth knowing will be posted on the board.

The first preliminary is scheduled to begin at 2:15 p. m., and at that hour the news will begin to arrive and will continue to come until the exhibition is over.

YOUNGER MAN HAS THE SPEED.

Wolgast and Burns, when compared as to speed, will show the favorable balancing of the scales in the direction of the youngster. There is not the slightest doubt in my mind but that Burns is quicker of thought and action than Wolgast. Burns works on instinct, while his opponent is one of the kind of fellows who deliberately plans an action and then follows out this plan.

By this it is not meant that Wolgast is slow, for far be it from such, but he is not as quick of perception as Burns and

RIVAL LIGHTWEIGHTS ARE BOTH SURE OF WINNING

Local Lad Not Abashed by Reputation of the Cadillac Wonder

(By EDDIE SMITH.)

Now that the fans of fistiana have every reason to believe that both Frankie Burns and Adolph Wolgast will enter the ring, tomorrow afternoon in as near to perfect physical fitness as it is possible for the trainers to have them, the problem of which of the two will wear the lightweight crown after the battle is causing much speculation.

To the fellow who will make a selection without much thought, and who knows the game of boxing only slightly, the name of Wolgast will of course appeal to him as the correct one on whom to wager.

Then the fellow who sits up nights figuring the dope and who visits the camps of the boxers hunting inside information, must also pick the champion, for there is no denying the fact that the little German figures to win.

The man who will select Frankie Burns as the probable winner is the fellow who likes to take long chances and who will be influenced by the fact that Burns figures to be better than the 10 to 4 short-end that he is.

Then, too, there is the fellow who plays a hunch and who has an intuition that the youngster will win. With these and the fellows who invariably shout out encouragement for the short-end Burns will enter the ring anything but a despaired outsider, for while he does not figure on the dope to win legions of the fans have pinned their faith in his ability to bring home the championship crown.

WOLGAST IS AT FALSE PRICE.

A careful comparison of the respective abilities of Wolgast and Burns by the unprejudiced person who has had the chance of sizing up both men in past battles will prove that Wolgast is selling at a false price, even if he should win.

If the contest of Saturday was figured on as the race is, and a price laid accordingly, the betting would in all probability be 10 to 7. Figuring that Wolgast will have the full ten chances to win the contest with Burns it must then be admitted that Burns has seven in ten chances to win.

In other words, if the odds on the Burns-Wolgast boxing match were figured on the same basis as it would be were the men preparing for a foot race, the chances are that the price offered would be 10 to 7, with the champion the favorite.

In the first place the champion always figures over the young challenger because he has the confidence, greater experience and ninety-nine times out of a hundred the greater amount of that essential quality called class.

The meaning of having class on the challenger is that he is just a little better at all the branches of the game than his opponent. This does not mean that he of necessity must be the more showy of the two or that he completely outclasses the opposing party, but it does mean that he is just a little better on execution in all the branches of the sport.

In the contest of tomorrow this is not the case, for while Wolgast certainly figures to win, Frankie Burns has certain ring qualities that overshadow those of the champion.

WOLGAST BETTER IN SOME CONTESTS.

He made Hogan stop in two rounds while it took Burns fourteen to win on a foul. Burns had the better of Hogan all times, but he could not put him away. The other feature of the hitting that makes it hard to figure is the fact that Wolgast is boxing better than he ever did before in 40 seconds of the anatomy. In this manner the champion has developed into something of a sharpshooter with his

this will prove one of the valuable assets of the Burns party. Comparing the hitting of Burns and Wolgast is a rather difficult thing, for there is no definite line of action whereby the dope can be taken.

If I had to make a selection of the fellow who was the better hitter of the two, however, and had no way of proving it, I would choose Burns. He hits with more snap than Wolgast and while he does not hit from as many angles as the champion, still the blows are of the sort that take the ginger out of an opposing party in jig time.

If the Law Powell contests were to be taken for anything, Burns would, of course, be rated as the harder hitter, for he put Powell down and out in eighteen rounds, while Wolgast won the decision over the same party in twenty rounds and never at any time had the red-headed fellow in a bad way. It, however, the Hogan battles were taken as the dope producer Wolgast would figure the better.

K. O. BROWN HAS AN EASY TIME WITH T. MURPHY

NEW YORK, May 26.—"Knockout" Brown, the little east side lightweight, stopped Tommy Murphy of Brooklyn tonight in 40 seconds of the first round of a bout scheduled to go 10 rounds before the Madison athletic club.

There was no preliminary sparring. The men went together with a run, the awkward Brown letting loose and swinging his right for the ribs. Murphy poked out his long left and for a moment straightened up Brown. "Knockout," however, carried the fight to Murphy, rushing him along the ropes on a terrific corner. Both men clinched and exchanged rights and lefts to head and body.

Breaking away, Brown again rushed and, catching Murphy a wicked right in the stomach, brought him down almost to his knees. Quick as a flash Brown ripped in a wicked left uppercut fairly on Murphy's chin and down he went in a crash. Murphy quickly rose, not waiting for the referee's count. Brown was at once upon him again, and with a terrific right to the head and another left uppercut he again felled the Brooklyn man.

There was no need now to count. Murphy was out, and Brown a moment later was on his way to his dressing room.

HAYWARD SHOWS SIGN OF PROGRESS

Many Modern Buildings Are Planned for Bustling City.

HAYWARD, May 26.—Hayward is assuming a more metropolitan aspect every day, with its miles of asphalt streets, tall buildings of concrete and iron and its bustling business streets. By the end of the next four months, the main streets from the Southern Pacific station to the boulevard will be traversed by a street car system, modern in all respects. The franchise for this line was purchased from the board of trustees less than two months ago. At the last meeting of this body it was ratified and the work ordered begun by the next four months.

Street work aggregating more than \$50,000 will be finished within a month, while the contracts for work amounting to about \$100,000 through the new tract of land, "Cherryland," will be let within three months.

Work was begun last week on a two-story, class-A concrete and iron building for offices and store room at B and Main streets. When finished the structure will be valued at about \$15,000. The Hauschildt Piano Company of Oakland will soon call for bids for the erection of a two-story brick building to cost \$10,000 at Castro and Watkins streets. This building will be part store and part offices.

PARADE FEATURE BEING OUTLINED

Pageant to Be Crowning Event of San Leandro Cherry Carnival.

SAN LEANDRO, May 26.—At the next meeting of the committee in charge of the arrangements for the San Leandro cherry festival, the formation of the parade will be discussed and the various entries will be placed. It is proposed to head the column with a float decorated with cherries and blossoms, drawn by eight snow-white horses, to be driven by a young woman attired in white. Following this will be a float carrying a platoon of sailors and marines for the naval station at Goat island.

This arrangement for the start has been proposed to the committee, but nothing definite will be decided upon until next Tuesday evening. The commander of the naval station has offered his men, with the provision that their expenses be paid from the time they land at the ferry in San Francisco. This news was received with great joy by the parade and entertainment members and the compact was sealed immediately. Berkeley, Alameda, Hayward and San Francisco fraternities order have promised their co-operation along with the orders of San Leandro, while a platoon of Boy Scouts of America and many entire classes from the public schools will also be entered in the pageant, making it the largest that has ever been held here.

HAYWARD TO SEE 'ARTIST'S DREAM'

High School Students to Act Perform in Clever Comedy.

HAYWARD, May 26.—Members of the Hayward High School Glee Club will treat the "boards" tonight in Native Sons hall when they give the first of two performances of the "Artist's Dream." The comedy portrays the trials and tribulations of a struggling artist among the "classes" in the Latin quarter of Paris. When Dick Harding, the struggling "paint-slinger," begins to be recognized, he has the ill-luck to fall in love with another of the struggling artists. The cast of characters is composed of: Dick Harding, a struggling artist; Arthur Jones, Count de Camembert; Alfred Parsons, Margery Denton, Dick's sweetheart; Edith Beam, The Mannheim; Lulu Mauser, Poppy, a fairy; Helen Fowler, Psyche, a statue; Winifred Jones, Pierrette; Mabel Robinson, The "New Year" Lawrence Fowler, Costume Plates; Moven Age; Vera Gale, Director; Helena Robinson, Directoire; Helen Fowler, 1890; Margaret Jones, Paris modistes, artists, circus performers, vocalists, models and visitors.

BUST TO FREMONT TO BE UNVEILED

Interesting Ceremony at High School in Charge of the Senior Class.

MELROSE, May 26.—The unveiling and dedication of the beautiful bronze bust of General John Charles Fremont, the "Pathfinder" and old Indian fighter, at the Fremont High School, late this afternoon, will be marked with elaborate exercises, among those assisting being members of the faculty of the University of California and of the State supreme bench, State and Alameda county officials and representatives of the parlors of the N. S. G. W.

The bust, which is a work of Mrs. Gertrude Boyce Kane, is the gift of the graduating class. Joaquin Miller, who first proposed that a bust of the Indian fighter should be placed in the school, will probably be one of the speakers. Mayor Frank K. Mott will conduct the ceremonies.

PROMISE AID TO MOTOR CAR CO.

Civic Bodies of Melrose and Fruitvale to Hold Big Conference.

MELROSE, May 26.—W. G. Sachs, president, and A. J. Schram, secretary, and manager of the California Motor Car Company, will appear before a special committee from the Fruitvale Board of Trade and the Melrose Business Men's Club, in Blackman's hall, this evening, where resolutions endorsing co-operation between the company and the civic bodies of Fruitvale and Melrose, will be passed. Everything in the power to further the interests of the company will be done by the officials and members of both clubs.

GOVERNOR BURNS UP ROAD IN AUTOMOBILE

SANTA BARBARA, May 26.—Governor Hiram W. Johnson, accompanied by his wife and son, Archie, and Colonel D. M. Duffy of San Francisco, arrived in Santa Barbara late yesterday, from Los Angeles, having made the trip by automobile.

The journey was made in four hours and the distance being more than 100 miles via the Casitas Pass, one of the most perilous mountain trails in the state, the party must have far exceeded the speed limit, but no one would admit it.

IOWA HIGH RIFLE TEAM WINS.
IOWA CITY, Iowa, May 26.—An announcement was made here yesterday that the Iowa City high school rifle team had won the interscholastic championship of the United States, incidentally taking the John Jacob Astor cup. A new record was set of 553 shots out of a possible 1000.

Gamblers Make Big Haul on Lusitania

Rich Pigeons Are Plucked for Thousands by Two Card Sharps.

NEW YORK, May 26.—There were fat pickings for two professional gamblers who came over on the Lusitania today. One passenger reported that in four days the gamblers picked up \$14,000 and that one of their victims lost \$1000 in an hour. "I've lived all my life in parts of the West," said the passenger, "where gambling is wide open, but I never saw such quick action at poker. Play usually began in the smoking room at 11 o'clock at night and lasted until 3 or 4 in the morning. The pigeons could evidently afford their plucking, and as it was none of my business I didn't interfere."

The steamship officers keep a sharp lookout for professional gamblers, but occasionally an unknown chivalier of fortune makes a smashing coup.

In cases of rheumatism relief from pain makes sleep and rest possible. This may be obtained by applying Chamberlain's Liniment. For sale by Osgood Bros. drug stores.

FALLS FROM CAR ON WAY TO LODGE AND IS HURT

SAN FRANCISCO, May 26.—Joseph Ferency, while on his way to Polla hall to attend a meeting of the Foresters, was thrown from a Fillmore car at Sixteenth and Duval streets and received an injury to his shoulder.

He continued on his journey with the aid of citizens and was treated by the lodge physician, Dr. Kastendieck. Later he was removed to his home, 1210 Noe street.

Constipation brings many ailments in its train and is the primary cause of much sickness. Keep your bowels regular, madam, and you will escape many of the ailments to which women are subject. Constipation is a very simple thing, but like many simple things, it may lead to serious consequences. Nature often needs a little assistance and when Chamberlain's Tablets are given at the first indication, much distress and suffering may be avoided. Sold by Osgood Bros. drug stores.

JEFFERSON CITY, Mo., May 26.—The boxing match scheduled to be fought here tonight between Monte Dale of Denver and Jesse Gilbert of Philadelphia, lightweights, was called off today when the Ministry Alliance held a meeting and condemned "such brutal exhibitions," and endorsed the stand of Governor Hadley on the enforcement of the law.

OLYMPIC GAMES GO TO BERLIN IN 1915

NEW YORK, May 26.—San Francisco will not get the Olympic games for her exposition. They will go to Berlin. This fact became known yesterday, when James E. Sullivan, secretary of the Amateur athletic union and of the Olympic games committee, received a cablegram from Budapest signed by Professor William M. Sloan and Addison Armour, representatives of the Olympic committee which is in session at the Hungarian capital. Sullivan had cabled Sloan and Armour, at the request of Charles C. Moore, president and R. J. Taussig, secretary of the Panama-Pacific international exposition, bespeaking for San Francisco the honor of holding the competitions. To his cablegram the following reply was received: "Committee pledged to Berlin. Inform San Francisco progress favorable and meeting most amicable. Any reports to contrary false."

GHENT OARSMEN LOSE.
GHENT, Belgium, May 26.—The Ghent Bowling club was defeated yesterday by Jesus college, Cambridge, in the eight-oared race, the winners making the mile and 555 yards in 6 minutes and 12 seconds, three seconds faster than Ghent.
